Bongardi Corporate

Bongardi Corporate is a leading Australian supplier of corporate clothing, with a rich history in the design and manufacture of superior business suiting since 1925.

We pride ourselves on our attention to detail in order to supply the perfect garment for every person and industry. We source innovative quality, easy care fabrics and on-trend designs that give superior fit and comfort.

Every Bongardi garment is designed for maximum comfort and fit with a variety of styles to cater for women and men of all ages and sizes. Women's sizes range from 4-30, plus there is an extensive range of men's sizing.
Bongardi Corporate has introduced a new range of unique fabrics. These fabrics have been sourced for perfect suitability to corporate clothing. These breathable, lightweight, wash-and-wear fabrics offer outstanding quality and wear characteristics.
All fabrics are manufactured in fully accredited mills adhering to stringent standards, including the Oeko-Tex Standard 100 which independently tests for a range of items including potentially harmful substances in textiles. All Bongardi Corporate garment suppliers also adhere to international standards for wages and conditions for its workers. So you can be assured that your Bongardi Corporate garment is both ethically and environmentally sound.

Bongardi Corporate

SORBTEK® is a high performance fabric that provides permanent moisture management through its propriety...Catch, Move, Release technology. SORBTEK® catches moisture, moves it away from the body and releases it for quick evaporation. The yarn is breathable, which leaves the wearer cool, dry and comfortable. In addition to moisture management, SORBTEK® offers inherent superior wear resistance properties protecting against perspiration and grime. So your garment looks and feels great even longer.

Bongardi Corporate

This newly developed fabric comprises a 40% wool 60% polyester 'Mechanical Stretch' mix. Combining the feel and style of wool with the durability and wear of polyester, for a superior fashion fabric.

The 4.0.6.0 fabric has been laboratory tested exceeding every industry benchmark for colour fastness, shrinkage and a range of other tests relating to the suitability for corporate wear.

Pants and skirts are suitable for domestic wool cycle machine washing. All skirts and jackets offer the additional benefit of a mechanical stretch lining for further ease of movement. The jackets also include an internal zipper for ease of embroidery.

Bongardi Corporate

When selecting an appropriate garment for corporate wear the right fit is the key.

Classic fits have a roomier construction able to fit a wide range of body types. Suit separates allow you to size up or down and the ranges available offer regular and short fittings and in some styles also long fittings are available.

Trousers with flat fronts, single pleats or flexi waist are included in the range.

"There is a garment and style to fit you and your body type"

SIZING INFORMATION

- Please use the size chart to find the best size for you.
- If your measurements fall between sizes, please order the next size up.
- For best results, take measurements over your undergarments.
- Garment waist measurement will vary depending on where it is worn on the hip.

- BUST **A**
  Lift your arms up your sides and measure around your body, crossing over the fullest part of your chest.
- WAIST **B**
  Measure around your waistline at the level where you normally wear your pants. Keep a finger between your body and the measuring tape for an accurate fit.
- HIPS **C**
  Stand with your heels together and measure around the fullest part of your hips. Measure approx 20mm from top of waist.

Women's Size Guide

size information

men

SIZING INFORMATION

- **CHEST**
  When measuring a man for a jacket place the tape around the chest as close to the under arms as possible, as shown in position **A**.

- **WAIST**
  When measuring a man for trousers place tape around waist on top of hip bones, as shown in position **B** . Hold tape firmly to achieve correct measurement.

- **LENGTH**
  Trouser length is given as an "inside leg" measurement **C** .
  Measure directly under crotch to 2cm above the shoe heel.

Please note: Suits are measured using chest and waist measurement. This is a standard 13cm difference. The difference between REGULAR and LONG or REGULAR and SHORT fittings are:

JACKET LENGTH + or - 2.5cm
SLEEVE LENGTH + or - 2.5cm
TROUSER LENGTH + or - 5cm
