

# Williamson Supply Co., Inc.

## Safety Ring Lock System - Safe & Simple

- Eliminates the lift cords' ability to form dangerous loops
- Designed to replace shrouded cords and ladder tape/cords while saving time and money on labor and material costs
- Components are made of a unique proprietary blend of certified pure material guaranteed never to chip, crack, yellow, or break. Components are transparent.
- Level Locks are guaranteed to hold 10lbs. per cord column
- Creates perfectly flat waterfall folds with every lift
