

EZ CURB™ SYSTEM

ADMIXTURE

EZCURB™ ADMIXTURE is a combination water reducing, plasticizing, and lubricating agent formulated primarily for low slump extruded concrete curbing applications. It contains a low range water reducer which allows increased compressive strength and long-term durability of the cured concrete curb. The formulation also contains a viscosity modifying agent which improves internal curing and provides a closed cell concrete curb with no surface water bleed. **EZ CURB™ ADMIXTURE** also contains a lubricating plasticizer allowing less shrinkage cracking, improved compaction, and more vibrant colors.

BENEFITS:

- Higher compressive strengths
- Superior weathering properties
- Improved extrusion & placement
- Reduces shrinkage crack potential
- Provides smooth closed cell concrete
- Increased pigment color intensity

COMPOSITION: **EZCURB™ADMIXTURE** does NOT contain any calcium chloride.

RECOMMENDED DOSING: A starting point dosage of 8 ounces per 47 lbs. (half bag) of cement along with a corresponding 5-10% water reduction is suggested, increasing in gradual amounts if required for desired slump and consistency. In higher temperatures, dosage can be increased to 12-16 oz. per 47 lb. (half bag) for improved finishing and curing properties.

CAUTIONS: **EZ CURB®ADMIXTURE** is designed for use in 45°F-100° F weather conditions. For cold weather concrete pours (below 45°F) a separate accelerator needs to be added to the mix. Contact Specco technical service for accelerator recommendations, if needed.

GHS HAZARD RATINGS: WARNING

IRRITANT: EYE IRRITANT

WARNINGS: **IRRITANT:** AVOID CONTACT WITH SKIN AND EYES. WEAR PROTECTIVE CLOTHING AND SAFETY GLASSES DURING APPLICATION. KEEP AWAY FROM FOOD AND DRINK. DO NOT TAKE INTERNALLY. FOR INDUSTRIAL USE ONLY. KEEP OUT OF REACH OF CHILDREN. REFER TO PRODUCT S.D.S. (SAFETY DATA SHEET) FOR FIRST AID INFORMATION, OR ANY RELATED HEALTH AND SAFETY INFORMATION BEFORE USING THIS PRODUCT. FOR MEDICAL EMERGENCIES ONLY, CALL INFOTRAC AT 800-535-5053.

STORAGE: Ideal storage is between 60°F to 80°F. Keep from freezing. **EZ CURB®ADMIXTURE** will freeze at approx. 32° F (0° C) but may be completely restored by thawing above 32° F (0° C) and thoroughly mechanically agitating before use.

SHELF LIFE: 1 year stored properly. Depending on storage conditions, the shelf life may be extended. **EZ CURB®ADMIXTURE** should be stirred or shaken before using if the material has set for an extended period (3-6 months).

WARRANTY: Specco Industries, Inc. (Specco) solely and expressly warrants that its products shall be free from defects in materials and workmanship for one (1) year from the date of purchase. No other representations or statements made by Specco representatives, in writing or orally, shall alter this warranty. Specco MAKES NO WARRANTIES, IMPLIED OR OTHERWISE, AS TO THE MERCHANTABILITY OR FITNESS FOR ORDINARY OR PARTICULAR PURPOSES OF ITS PRODUCTS AND EXCLUDES THE SAME. **Replacement of any product shall be the sole and exclusive remedy available, and buyer shall have no claim for incidental or consequential damages. Specco explicitly excludes any written or oral statements or implied warranty on the performance of an applied/installed product manufactured or sold by Specco or through a Specco authorized distributor or reseller.** Specco has no control over adherence to Specco's application standards, site conditions, atmospheric variations, installer/applicator skill level or the determination of the suitability of any Specco products for a specific intended purpose. Buyer shall be solely responsible for determining the suitability of Specco's products for the Buyer's intended purposes.
