

WPM

The new age of coffee

Why WPM?

- WPM makes the very best, most intelligent use of advances in technology, resulting in a machine that beats its competitors hands down. Available from 1 group to 2 brewing units, semi-automatic versions, anthracite black or ice white. When space is at a premium,
- With its innovative PID Thermoblock and individual boiler technology, WPM rivals all its competitors in its segment

Programmable Functions

- PID Technology controls coffee temperature
- Adjustable steam wand: 0.8 - 1.6 bar
- 5 pre-infusion programs
- Temperature setting: 88-96°C
- Vane Pump

Innovative Boiler Functions

- 0.7L boiler for group head
- 3L boiler for the steamer

Additional Features

- Capable of Tall and Standard Cup
- 3 Nozzle Adjustable steam wand
- Adjustable Backlight

KD-410- 1GR (Colours available Black/White)

Dimensions	540 x 390 x 480	Weight	34.8 kg
Boiler Power	2300 W	Boiler	0.7L + 3L
Voltage	220 - 240 V	Frequency	50 Hz

KD-510X- 2GR (Colours available Black/White)

Dimensions	520 x 600 x 475	Weight	54 kg
Boiler Power	3000 W	Boiler	0.7L + 0.7L + 3L
Voltage	220 - 240 V	Frequency	50 Hz

WPM ZD-18

Burr	Flat 75 mm	Capacity	1.2kg
Speed	1400 RPM	Dimension	390*177*550
Weight	15.5 kg		

Additional Features

- Touch Screen Control Panel (settable 1cup/2cup volumes)
- Adjustable Grind and Portafilter Fork
- Inbuilt Cooling Fan

WPM ZD-18S

Burr	Flat 75 mm	Capacity	1.2kg
Speed	1400 RPM	Dimension	390*177*550
Weight	15.5 kg		

Additional Features

- Touch Screen Control Panel (settable 1cup/2cup volumes)
- Adjustable Grind and Portafilter Fork
- Inbuilt Cooling Fan
