

Combination change form

All changes to your Mechanical lock combination must be reported for the warranty to be valid. We require that you have a Certified locksmith complete the combination change and report the new combination to Browning Safes upon completion. We require the below information before our records can be updated. Please provide the following information:

- Receipt from the locksmith with documentation of the change
- Copy of your original purchase receipt
- Name and information
- Notary Stamp and date
- Locksmith information and signature
