BOUNDLESS
TECHNOLOGY

One Company Two Brands

Welcome to Boundless Technology, a leader in dry herb and concentrate vaporizer hardware which encompasses the brands **BOUNDLESS** and **BND**. Founded in 2016, Boundless Technology has been on the forefront of cannabis vaporizer technology providing consumers and patients an affordable and reliable alternative to combustion.

BOUNDLESS - Provides the end user portable, load your own, cannabis vaporizers for both dry herb and concentrate. These units are available through retail, wholesale, and distribution avenues.

BND - Provides cannabis concentrate brands fully customizable disposables, cartridges, and 510 batteries. Built to order or choose from our existing stock, BND will set your brand apart from the competition.

Zirconia Cooling Air Path

Cools down the vapor prior to reaching the users lips and mouth. The zirconia airpath is located inside the mouthpiece and creates an isolated cooling airpath from the chamber to the user's mouth.

Upgraded UI

Set your preferred session time, brightness level, and temperature in the new and improved UI.

Fully Adjustable Temperature

Fully adjustable temperature from 100F° - 430F° (38C° - 220C°).

Preset Settings

4 preset settings are programmed for quick and efficient sessions.

USB - C Charging

Charges fully in about 45 minutes.

CFX+

Welcome to the new generation of the Boundless lineup.

SPECIFICATIONS

TEMPERATURE LEVELS: Precise Control Range (250°F - 430°F)

PRESET TEMPERATURES: 378°F, 400°F, 414°F, 428°F

SESSIONS PER CHARGE: 6-8 Sessions average

CHAMBER MATERIAL: Ceramic

HEATING SYSTEM: Hybrid

TERA

Weight:	0.5 lbs
Dimensions:	120mm x 40mm x 25mm
Heating:	Full Convection Technology
Battery:	(2) Removable 18650 35Amp 2500 mAh
Accessories:	WPA, Glass Mouthpiece, Concentrate Pad Included
Charge:	USB-C Quick Charge

Full Convection Heating

(2) Removable 18650 Batteries

2 Heating Modes - Full Temperature Control Mode & Concentrate Mode

USB-C Fast Charging

Universal Water Pipe Adapter & Glass Mouth-piece Included

VEXIL

Weight:	5.4 oz
Dimensions:	108mm x 45mm x 20mm
Temperature Levels:	377°F (192°C), 399°F (204°C), 413°F (212°C) & 437°F (225°C)
Battery:	1800mAh, 3.7V
Sessions Per Charge:	6 sessions average
Chamber Material:	Ceramic
Heating System:	Conduction
Charge:	USB - C

-  · Zirconia Cooling Air Path
-  · Portable and Pocket Friendly
-  · Magnetic Mouthpiece
-  · Metal Casing
-  · USB - C

CFX

Weight:	12 oz (0.75 lb)
Dimensions:	120mm x 70mm x 30mm
Temperature Levels:	100°F–430°F (37.8°C–221.1°C)
Battery Capacity:	(2) Internal 2500 mAh Battery
Sessions Per Charge:	10-15 sessions
Chamber Material:	Ceramic chamber
Heating System:	Hybrid Conduction & Convection

- Full Temperature Control · 
- Large OLED Display · 
- Haptic Feedback · 
- Dual Charging (USB & DC) · 

CFC *Lite*

Weight:	6.4oz (0.4 lb)
Dimensions:	98mm x 34mm x 32mm
Temperature Levels:	385°F (196°C), 403°F (206°C), & 421°F (216°C)
Battery:	(1) Removable 18350 800 mAh Battery
Sessions Per Charge:	3-5 sessions
Chamber Material:	Ceramic
Heating System:	Conduction
Charge:	Micro USB

• 3 Preset Temperature Settings

• Portable and Pocket Friendly

• 18350 800 mAh Battery

CFC *2.0*

Weight:	0.8 oz (0.5 lb)
Dimensions:	130mm x 33mm x 30mm
Temperature Levels:	140°F-446°F, 60°C-230°C
Battery:	(1) Internal 18650 mAh Battery
Sessions Per Charge:	8-10 sessions
Chamber Material:	Ceramic
Heating System:	Conduction
Charge:	USB - C

• Full Temperature Control

• OLED Display

• Ceramic Conduction Chamber

• Water Pipe Adapter Included

YOUR UNIQUE BRAND

OUR TECH & MANUFACTURING RESOURCES

Bnd

Beyond & Dedicated

Welcome to BND, our OEM (Original Equipment Manufacturer) services, where we specialize in delivering customized manufacturing solutions for your business. With a focus on quality, efficiency, and innovation, we collaborate with you to bring your ideas to life. From concept to market, we provide comprehensive services tailored to meet your unique requirements. Partner with us and gain a competitive edge in your industry. Contact us today to discover how we can elevate your products to new heights.

RHINO

CUSTOM BRANDING

Guide to Branding your Product

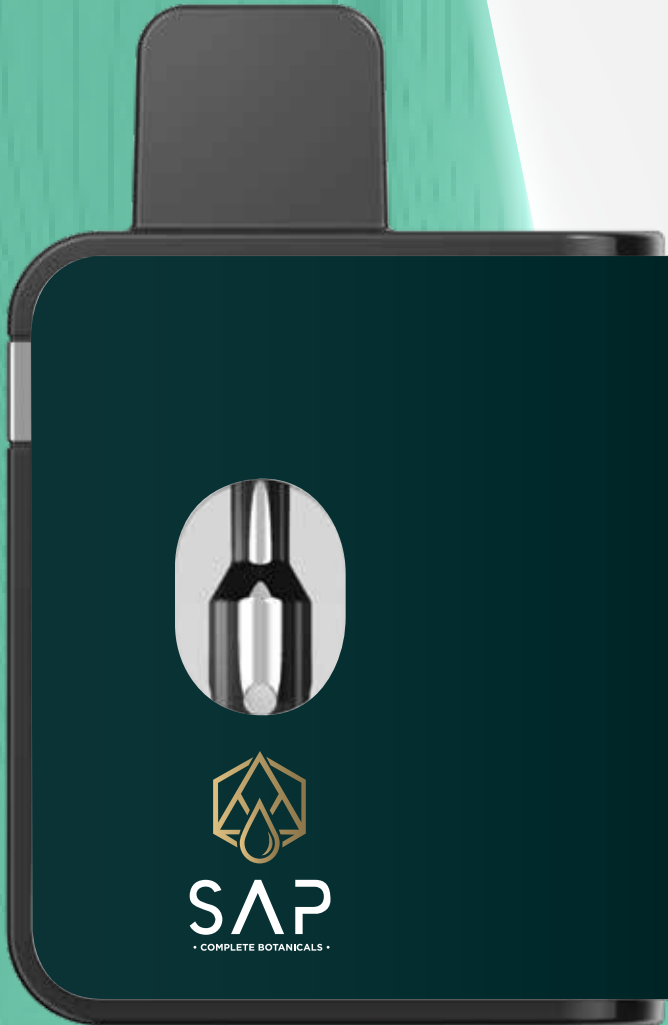

BRANDING MOCK UP EXAMPLE

SAP
• COMPLETE BOTANICALS •

RHINO

The RHINO is a small but mighty disposable vaporizer for THC/CBD/Alt. Cannabinoids and is part of the BND D-Series. This is a one-time use device with a USB-C charging port to ensure the end user can finish any material left in the tank.

CUSTOM DESIGN

Conquer the competition with our full custom design service for the Rhino disposable vaporizers. Complete customization includes the color of the unit, printed logo directly on the vaporizers, and unique packaging that matches your branding. With a dedicated in-house creative team, we're available to assist in every step of the process.

BRAND YOURSELF

BND provides unique customization options to help your brand stand out from the crowd and develop a devoted client base. Add your logo directly to the RHINO for an eye-catching design on an industry-leading disposable vaporizer. Or opt for a product that is truly your own with our full custom branding option, complete with packaging that really brings your vision to life.

RHINO WITH YOUR LOGO

THANK YOU

BND was founded in 2014 by vapor enthusiasts seeking a reliable oil cartridge that didn't leak or burn the material. Knowing exactly how they wanted it to perform, the team set out to design and manufacture the perfect oil cartridges.

With a pioneer mindset, BND has encapsulated all of this research and development into extraordinary customizations that go beyond basic design. Our OEM & ODM services are supported by a dedicated sourcing team that manages incoming material inspection, ensures supply chain stability, and provides reliable testing in CNAS accredited laboratories.
