lucinovanities.co.nz

It starts with *stone*.

A surface of beauty, a symbol of strength.
The alchemy of elements, an unparalleled
resilience, an unrivaled beauty.

Introducing Lucino engineered stone; where nature and innovation exist in perfect synergy. Each piece unveils a tapestry of natural elegance, evoking the grandeur of the most breathtaking landscapes; the serene shores, majestic mountains; the delicate hues of Earth's wonders.

Let the natural beauty and expert craftsmanship breathe life into your surroundings, as you enjoy the unrivaled elegance and durability that is Lucino.

Your Lucino journey awaits.

This is Lucino.

Designed to enhance any interior space, Lucino engineered stone is the perfect blend of natural and man-made elements.

Delivering exceptional durability, our range of stone vanities are a practical, low maintenance choice while delivering a stunning, luxury finish to any space.

Our ranges are designed with understated luxury, attainability and simplicity top of mind.

Our mission is to provide effortless realisation of interior dreams and visions for everyone, with an unwavering commitment to delivering high quality products. We specialise in crafting premium stone architectural vanities with expert workmanship and beautiful designs.

With over 20 years in the joinery and building industry, we have the skills and expertise to bring your interior vision to life.

Our knowledgeable team of experts are always available to support and offer free advice to help make sure you make the right choice for your project. We guarantee the quality of our work with warranties on every type of stone.

Enjoy exploring.

**Lucino Vanities
come with a 5 year
fabrication warranty
from installation.
Please read our full
Warranty online or
scan the QR code
below.**

Fabricated by Lucino Vanities:

Warranty covers any fault, proven to be a manufacturing fault.

Warranty does not cover:

- Generally accepted wear & tear over the lifespan of the product in question
- Tops installed outdoors such as outdoor kitchens and bathrooms, heated areas such as pool areas.
- Small colour variances, thermal shock, impact damage or abuse of chemicals or incorrect use of the tops
- Small blemishes such as blotches or spots which are inherent in the manufacturing process and are found at times within the natural resource such as natural granite.
- Any damage occurred to the vanity by other sub-contractors such as plumbers or builders.
- Any damage caused by standing on or applying excessive force. Never stand on vanity.
- While stone products we work with are highly scratch and stain resistant, they are not scratch or stain proof. We recommend any spills to be wiped up as soon as possible and never cur directly on your stone surface or drag heavy objects across the stone.
- Do not place hot objects directly onto stone, always use a protective surface. To protect stone vanity top, exposure to heat may cause cracks due to thermal shock This warranty does not cover this.
