

WHITEWATER CANOE OUTFITTING

TESTED TO THE EXTREME

As skills and boat designs improve, so do our products. North Water's reputation as a leader in innovative gear design and manufacture has grown over the years because we listen to your feedback and are always on the look-out for new ideas.

As paddlers ourselves, we recognize that your outfitting needs may vary depending on the boat and its use. If you don't see exactly what you need, let us know. We'll build it.

Your satisfaction is guaranteed. You can be confident that this North Water product will give you years of reliable use and enjoyment. If anything goes wrong with this product within three years, we will fix or replace it, usually at no cost.

See you on the river!

Note

Outfitting a boat for whitewater use requires experience and good judgment. Improper installation could impede a paddler's ability to exit the boat. If you do not recognize the inherent risks associated with moving water and boat modification, get qualified instruction.
