- ✔ Aggressive well defined and sharp deep tread profiling traps dirt, sand, mud, debris, water, snow and ice.
- ✔ Laser measured and designed for an exact fit. Prop 65 compliant
- ✔ Sure-Grip™ Conyke anti-skid backing improves slip resistance
- ✔ First and only patented scenery floormats in the industry exclusively by FLEXTREAD™

**FLEXTREAD™ floor mats are guaranteed against defects in manufacturing, materials or workmanship for 3 years form the original purchase date. NORMAL WEAR AND TEAR EXCLUDED**

**Quality** - For over 3 decades we have been committed to providing the automotive aftermarket industry with the highest quality soft trim products. Your FLEXTREAD™ Next Generation mats have been thoroughly designed, tested, and quality control maintained ensuring you the highest quality, longevity and performing product of its kind in the industry today.

**Safety** - Your new FLEXTREAD™ Next Generation mats were designed to be installed directly onto the floor of your vehicle. **IT IS ABSOLUTELY NECESSARY THAT YOU REMOVE ANY OTHER FLOOR MATS FROM THE VEHICLE FLOOR PRIOR TO INSTALLING YOUR FLEXTREAD™ MATS.** Failure to follow these instructions could result in an unsafe situation if your mats should move and interfere with the safe operation of the brake, accelerator or clutch pedal controls. Before driving your vehicle confirm that your FLEXTREAD™ mats DO NOT INTERFERE with the safe operation of these controls. Your Factory Floorpan Fit driver mat is equipped standard as original with retainer buttons or grommets which are to be installed directly onto the carpet positioning post or hook. Your trim to fit VERSAFIT™ mats must be installed onto the manual screw in retention positioning posts that are supplied with your mats. This will ensure proper retention of the mat. Go to [www.flextreadmats.com/installation/](http://www.flextreadmats.com/installation/) to view the installation video and how to obtain additional manual screw in retention positioning posts. To extend the life of your FLEXTREAD™ Next Generation mats removal and regular cleaning to remove debris is necessary. Clean your floor mats using only a mild detergent soap and water. Do not use chemicals or abrasive cleaners. Do not use Armor-All®, Son-of-a-Gun® or any other silicone or wax based treatments as these will make the floor mat surface slippery.
