

# CONSTRUCTION

FireBOXY™ - garden bonfire place. Comfortable furniture such as chairs, sofas or benches can be placed around it to provide a comfortable place to rest and relax. Our FireBOXY™ hearths consist of a sturdy construction made of high-quality materials such as powder-coated galvanized steel and corten steel. In addition, our fireboxes feature wood storage space and an integral seating system.

**Steel Type:** galvanized steel and corten steel  
(the corten is only in the fireplace)

**Paint Coating:** powder coating

**Fabric:** waterproof fabric

**Adjustable feet:** 1.5 - 6 cm

**Heat-resistant backing:** stainless steel with heat-resistant foil  
(available for purchase)

**Warranty:** 2 years
