TURUA GALLERY
CURATED CONTEMPORARY ART

10a Turua Street, St Heliers @ @turuagallery www.turuagallery.co.nz

25 AUG
- 6 SEP

One of the first artists to be with our gallery - Harriet is an acrylic partisan since learning that children, furniture, and oil paints don't mix well, Harriet has worked extensively for Barkers of Geraldine. Based in Christchurch, she returned to her love of painting, after successfully outsourcing her five children to school.

Hugely inspired by the magic of New Zealand landscapes, Harriet interprets local and rural scenes around New Zealand in a way that explodes with vivacity. Her style involves substantial layers of thick and loose expressive brushstrokes, indulging in hints of unexpected colour. Landscapes, still life and floral pieces, and even a car or two, all captured in an expressive and luscious way that captures our hearts.
