

Crafty Cars

Frequently asked questions...

I want to get a Crafty Car drawn up – what do I do?

First things first - I need to know the make and model of the car.

Do you accept photos as a guide?

Absolutely. Photos allow me to get stuck into the details, whether that be an aggressive bull bar, a rude bumper sticker, a rusty awning or a flat tyre.

If you can, take a direct front on and a back on photo of the car you'd like me to draw. This helps me a lot!

I don't have any photos... is this a problem?

Not entirely. If you know the make and model, and can do a google search of a similar car, send me a screenshot of this as a reference.

Then if there are other distinguishable accessories we can work together to get them just right.

Do you only draw cars with personalised plates?

No, I have worked on cars as gifts for people who have wanted to get personalised plates and so I designed and drew these on.

Whether it's a standard rego plate or a personalised one, I am happy to draw it.

Can I choose the background colour?

Yep, go for gold – or any other colour of your choice.

How much does it all cost?

The standard price for a Crafty Car is \$255.00, given the time it takes to draw them.

This includes a digital copy of your custom illustration, an A3 print on gloss paper and two amendment sessions. Additional amendment sessions will then be charged at \$40.00 each. Please note the digital copy is for personal use only – for commercial opportunities, please send me an email.

Crafty Cars with a lot more grunt (lots and lots of accessories and detail) may be charged a higher fee but this will be discussed.

Payment is required in full before I can get started on the illustration.

Do you deliver artworks?

If you live in Darwin or Palmerston, then yes.

Do you ship interstate?

Yes. Please add \$12.00 for postage.

How long does it take?

A custom illustration takes 1 - 2 weeks for me to draw, and I will send you drawing updates throughout the process so you can see your art coming to life.

Upon emailing me, please include the date you would like the illustration by, and I will work to accommodate this as best as I can, depending on my existing commission bookings.

In my return email, I will confirm a date that I will have capacity to start your illustration, and have it completed by. If you need your artwork posted interstate, please let me know so we can factor this in as well.

I hope this helps answer your questions. If you have any further queries, please don't hesitate to email me: elle@craftyconway.com
