

MAJOR APPLIANCE PROTECTION

Keep your appliances running like new

All plans are fully underwritten
by iA Financial Group.

WGI Service Plan Division o/a iA Service Plan is a subsidiary of iA Financial Group—the #1 insurer in Quebec and the 4th largest insurance company in Canada. Our program is designed to pay claims with a 97% claim rate. We are committed to selling the highest quality products, but sometimes products can break. Feel confident knowing you are in good hands with us when you upgrade your warranty.

Appliance Protection Plan

You want your appliance to last.

Add an extra 4 years of protection beyond the manufacturer's warranty. This covers your new appliance for up to an additional 4 years after the manufacturer's warranty ends.

What is covered?

All Parts & Labour:

iA Service Plan covers the cost of parts and labour required to repair your appliance. There are no hidden fees or deductibles.

Lemon Aid:

We will replace your appliance if the same component fails four times.

In-Home Service:

All repair service for major appliances will be provided in your home by one of our Authorized Service Technicians.

Power Surge Protection:

All damage from power spikes due to lightning and brown outs are covered by iA Service Plan.

Major Component Coverage:

Most manufacturers have reduced major component coverage from 5 years to just 1. With our plan, you can cover these components for up to 5 years.

Food Spoilage:

We allow for \$250 worth of fresh and frozen food replacement during the term of the extended coverage if food spoilage occurs due to fridge or freezer mechanical failure.

Non-Prorated Replacements:

What you pay really is what you get. The replacement value of your appliance will not diminish over time.

Fully Transferable:

The protection plan goes with the product, not the person. It is free to transfer the plan to a new owner of the appliance.

Annual Renewable Coverage Available:

Want more protection? We provide the option for annual renewal coverage every year up to an additional 10 years*.

Repairs done by Certified Technicians:

We only partner with certified repair centers and technician specialists to get the problems fixed right the first time.

Easy Claim Process:

Filing a claim is a breeze thanks to our online platform or over the phone with one of our friendly service advisors.

Rust Coverage:

We cover any major component that prevents functional issues due to the result of rust.

"No Fault Found" Grace:

If no defects are found by a service technician, we will waive the 1st "No Fault Found" service fee.

*At participating locations only, this is an optional add-on coverage.

Average Cost of Repairs

With smart technology along with the wear and tear caused by daily use, the cost of repairs has increased dramatically. Extend your protection and you'll never have to worry about unexpected repair bills again.

Range/ Oven Repairs

If we can't fix it, we'll make it right.

- If we can't repair your covered appliance and a replacement is offered, the replacement will be brand new (never refurbished) and come with equal or better features.¹
- Or we'll reimburse you for a new appliance.²

¹ We cannot guarantee that a replacement appliance will have the exact same features, as manufacturers may discontinue certain features in newer model appliances

² Up to the coverage amount. See Terms & Conditions for full details.
