FRONTIER
SAWMILLS

FRONTIER

SHIPPED TO YOUR DOOR:

In the U.S.A. and Canada, Frontier Sawmills ship by common carrier freight truck (directly to your residence or business), so it's important that your delivery address is easily accessible to a tractor-trailer. Shipped in knockdown form (though the sawhead comes pre-assembled). Frontier Sawmills are securely packaged in crates; the OS35 is 7'3" x 2'4" x 3'1" (2.2m x 0.70m x 0.92m), the OS23, OS27 and OS31 is 7'3" x 2'1" x 2'10" (2.2m x 0.63m x .87m), and the OS18 is 5'4" x 1'8" x 2'7" (1.6m x 0.5 x 0.78m). Battery not included with electric-start engine-equipped Frontier models.

You or your designated agent must be present to accept the order and offload it. If no one is at the delivery address to accept the order, re-delivery and storage charges may apply. After your order has shipped, you may want to call the trucking company to confirm the date of delivery; call us to obtain your carrier name and phone number, shipment tracking number, and ship date.

A liftgate is required on the delivery truck to bring the crate down to ground level, so transit times may vary depending upon the availability of liftgate delivery services to your location. Alternatively, please advise us at the time you place your order if you have a forklift that you can use to safely unload the crate from the back of the truck.

PICK-UP:

If you would like to pick up your sawmill directly from one of our warehouses, please call us toll-free at **1-800-408-9995**, three business days in advance so that we can have your order ready. You will need a pick-up truck, full-size van, or sturdy trailer.

SHIPMENT OUTSIDE THE U.S.A. & CANADA:

We ship sawmills to over 100 countries. Because we dedicate experienced staff solely to servicing international customers, shipments to global destinations are handled professionally, quickly and smoothly.

If you are outside North America, contact Norwood at **+1-705-325-0030** or email **info@FrontierSawmills.com**

30-DAY MONEY-BACK GUARANTEE

We know that you will be 100% satisfied with the value and performance of your Frontier. We back that up with a 30-day money-back guarantee. If your Frontier doesn't do everything we say, simply return it to us within 30 days and receive a refund (shipping not included)*.

ONE-YEAR CONSUMER WARRANTY

We will repair or replace, at our discretion, any part returned to us and found to be defective through manufacturing within the first year of the original purchaser's ownership (except consumable items like belts, blades, bearings & clutch). The engine is covered under warranty directly with the engine manufacturer (two years by Briggs and three years with by Kohler).

* Not including used blades, damaged parts or restocking fees.

Important: To ensure that you receive the best possible value, the Frontier Sawmill ships in knockdown form (the sawhead comes factory-assembled) and includes step-by-step assembly instructions with detailed illustrations, exploded views, and photos.

Important: All orders are shipped prepaid, which means that the shipping charges are paid at the time of your order. In all cases, before signing for the shipment (by signing the freight waybill or packing slip), please check your order carefully upon delivery to ensure that you receive all pieces and boxes listed on your packing slip and that they are in good order. Note missing or damaged pieces on the freight waybill before signing. Any claims not reported in writing on the freight waybill at the time of delivery become the sole responsibility of the purchaser; failure to report missing or damaged pieces and boxes in writing on the freight waybill at the time of delivery nullifies your insurance and precludes any subsequent claims.

HOW TO ORDER

Order today to get your Frontier Sawmill on its way

PLEASE NOTE: To assure the utmost in quality control, we have restricted the number of Frontier Sawmills we make in each production run so we can give each even more attention.

- We recommend you order NOW to get your sawmill on the road, so that you can be cutting lumber fast! Most orders leave the loading dock in just THREE business days.
- If we have sold out of the Frontier you want, we recommend you order NOW to claim your sawmill from the next production run – all that's needed to hold your spot is a \$500 deposit. To make your deposit, give us a call at 1-800-408-9995.
- Once your sawmill leaves our warehouse, it normally takes only three to ten business days to arrive at your door (within the lower 48 states and Canada).*

ORDERING IS EASY ...

- 1. CHOOSE YOUR EQUIPMENT**
What else do you need?
Blades? Log handling tools? Sharpener?
- 2. CHOOSE YOUR DELIVERY**
Shipped right to your door, or you can pick-up at a Frontier warehouse.
- 3. CONTACT US FOR A QUOTE AND TO PLACE YOUR ORDER.**

TOLL-FREE 1-800-408-9995

from the U.S. or Canada. Outside of North America, dial **+1-705-325-0030**.
