

# Experiences

In order to raise children's inspiration and imagination, we supply teaching materials for experience classes.

\*The above picture shows the set of Bow Type Starting-a-Fire.

## A Set of Starting-a-Fire (String Drilling Type)

Two persons cooperate with each other by pulling the string alternatively to rotate the stick to start a fire. How the two take a balance of timing of mutual works is important.

Description	Delivery Lot Size
A Set of Starting-a-Fire (String Drilling Type)	1

Contents of the set: Base Wooden Plate (cedar) ..... 1  
Laying Plate (plywood) ..... 1  
Drilling Shape Wooden Pieces ..... 3  
Octagon Rotating Stick ..... 1  
String ..... 1  
Pressing Plate ..... 1  
Hemp Textile ..... 1 bag

## A Set of Starting-a-Fire (Bow Drilling Type)

This set enables only one person to start a fire by winding the string that is attached to the bow and rotating the stick by pulling the bow left and right, and back and forth.

Description	Delivery Lot Size
A Set of Starting-a-Fire (Bow Drilling Type)	1

Contents of the set: Base Wooden Plate (cedar) ..... 1  
Laying Plate (plywood) ..... 1  
Bow (bamboo) ..... 1  
Drilling Shape Wooden Pieces ..... 3  
Octagon Rotating Stick ..... 1  
String ..... 1  
Pressing Plate ..... 1  
Hemp Textile ..... 1 bag

## A Set of Starting-a-Fire (Hand Drilling Type)

This set enables you to start a fire by putting the axis of the rotating stick between both hands and rotating the stick by rubbing the stick together as if you were joining your both hands in prayer.

Description	Delivery Lot Size
A Set of Starting-a-Fire (Hand Drilling Type)	1

Contents of the set: Base Wooden Plate (cedar) ..... 1枚  
Laying Plate (plywood) ..... 1  
Drilling Shape Wooden Pieces ..... 3  
Rotating Stick ..... 1  
Hemp Textile ..... 1 bag

## A Set of Starting-a-Fire (Cross Piece Drilling Type)

By connecting the cross piece and rotating stick's axis with the string, this set transforms the vertical motion of the cross piece to the rotation of the stick to start a fire.

Description	Delivery Lot Size
A Set of Starting-a-Fire (Cross Piece Drilling Type)	1

Contents of the set: Base Wooden Plate (cedar) ..... 1  
Laying Plate (ply wood) ..... 1

 \*The talc in the left below of the above picture is a completed (colored) Comma-shaped Bead.

### ■ A Set to Make Comma-Shaped Bead (Magatama)

You can make a comma-shaped bead by rubbing talc. If you want to make the work short and simple, there is a pre-processed type, namely talc that was rubbed and rough shaped beforehand.

You can color it by a water based pen or highlighter at your discretion.

Description	Dimensions of talc (mm)	Delivery Lot Size

A Set to Make Comma-Shaped Bead (Small) and (Large) Pre-processed  
 Contents of the set: Pre-processed Talc (small: 12 x 35 x 35mm, large: 12 x 35 x 50mm) .....1  
 Sandpaper.....3  
 Neck-hanging String .....1

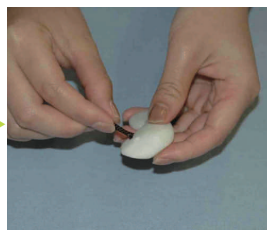

### How to make it

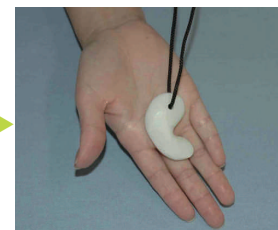

Rub gemstone (talc) of Magatama with a coarse sandpaper.

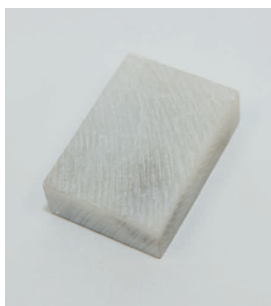

Change the sandpaper to medium and then to fine sandpaper to surface for luster.

Put a string through Processed Magatama.

Completed
