

SCREENWASH PERFUMED BLUE

Page: 1

Compilation date: 31/03/2015

Revision No: 1 / FISDS036

Section 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name: SCREENWASH PERFUMED BLUE Product code: FSW (UK ONLY)

1.2. Relevant identified uses of the substance or mixture and uses advised against

1.3. Details of the supplier of the safety data sheet

Company name: Fortron International Unit 4 Cannel Road Burntwood Business Park. Burntwood, Staffordshire Ws7 3FU United Kingdom Tel: 01543 679 900 Fax: 01543 679 901

1.4. Emergency telephone number

Emergency tel: 01543 679 900

(office hours only)

Section 2: Hazards identification

2.1. Classification of the substance or mixture

Classification under CHIP: -: R10

Classification under CLP: Flam. Liq. 3: H226

Most important adverse effects: Flammable.

2.2. Label elements

Label elements under CLP:

Hazard statements: H226: Flammable liquid and vapour.
 Signal words: Warning
 Hazard pictograms: GHS02: Flame

Precautionary statements: P102: Keep out of reach of children.

P210: Keep away from heat/sparks/open flames/hot surfaces. - No

SCREENWASH PERFUMED BLUE

Page: 2

Other hazards:	In use, may form flammable / explosive vapour-air mixture.
2.3. Other hazards	
	container or label.
	S46: If swallowed, seek medical advice immediately and show this
Safety phrases:	S2: Keep out of the reach of children.
Risk phrases:	R10: Flammable.
Hazard symbols:	Symbol not required.
Label elements under CHIP:	
	P403+235: Store in a well-ventilated place. Keep cool.
	P280: Wear protective gloves/eye protection.
	smoking.

PBT: This product is not identified as a PBT/vPvB substance.

Section 3: Composition/information on ingredients

3.2. Mixtures

Hazardous ingredients:

ETHANOL - REACH registered number(s): 01-2119457610-43

EINECS	CAS	CHIP Classification	CLP Classification	Percent
200-578-6	64-17-5	F: R11 Substance with a Community	Flam. Liq. 2: H225	10- 30%
		workplace exposure limit.		

PROPANE-1,2-DIOL - REACH registered number(s): 01-2119456809-23

2	00-338-0	57-55-6	Substance with a Community	-	1-5%
			workplace exposure limit.		

Section 4: First aid measures

4.1. Description of first aid measures

Skin contact:	Skin contact: Remove all contaminated clothes and footwear immediately unless stuck to			
	skin. Wash immediately with plenty of soap and water.			
Eye contact:	Bathe the eye with running water for 15 minutes.			
Ingestion:	Wash out mouth with water. Consult a doctor.			
Inhalation:	Move to fresh air in case of accidental inhalation of vapours. Consult a			
	doctor.			
4.2. Most important symptoms and effects, both acute and delayed				
4.2. Plost important s	ymptoms and enects, both acute and delayed			
	There may be mild irritation at the site of contact.			
Skin contact:				
Skin contact: Eye contact:	There may be mild irritation at the site of contact.			
Skin contact: Eye contact:	There may be mild irritation at the site of contact. There may be irritation and redness.			
Skin contact: Eye contact:	There may be mild irritation at the site of contact. There may be irritation and redness. There may be vomiting and diarrhoea. The casualty may appear intoxicated.			

SCREENWASH PERFUMED BLUE

Page: 3

Inhalation: Drowsiness or mental confusion may occur.

4.3. Indication of any immediate medical attention and special treatment needed

Immediate / special treatment: Not applicable.

Section 5: Fire-fighting measures

5.1. Extinguishing media

Extinguishing media: Alcohol resistant foam. Water spray. Carbon dioxide. Dry chemical powder.

5.2. Special hazards arising from the substance or mixture

Exposure hazards: Flammable. In combustion emits toxic fumes. Forms explosive air-vapour mixture.

5.3. Advice for fire-fighters

Advice for fire-fighters: Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.

Section 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions: Refer to section 8 of SDS for personal protection details. Eliminate all sources of ignition. Turn leaking containers leak-side up to prevent the escape of liquid.

6.2. Environmental precautions

Environmental precautions: Do not discharge into drains or rivers. Contain the spillage using bunding.

6.3. Methods and material for containment and cleaning up

Clean-up procedures: Absorb into dry earth or sand. Transfer to a closable, labelled salvage container for disposal by an appropriate method. Do not use equipment in clean-up procedure which may produce sparks.

6.4. Reference to other sections

Reference to other sections: Refer to section 8 of SDS.

Section 7: Handling and storage

7.1. Precautions for safe handling

Handling requirements: Smoking is forbidden. Ensure there is sufficient ventilation of the area.

Avoid the formation or spread of mists in the air.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions: Store in cool, well ventilated area. Keep container tightly closed. Keep away from sources of ignition.

7.3. Specific end use(s)

Specific end use(s): No data available.

SCREENWASH PERFUMED BLUE

Page: 4

Section 8: Exposure controls/personal protection

8.1. Control parameters

Hazardous ingredients:

ETHANOL

Workplace exposure limits:

State	8 hour TWA	15 min. STEL	8 hour TWA	15 min. STEL	
UK	1920 mg/m3	-	-	-	

Respirable dust

PROPANE-1,2-DIOL

EU	474mg/m3	-	-	_

DNEL/PNEC Values

DNEL / PNEC No data available.

8.2. Exposure controls

Engineering measures: Ensure there is sufficient ventilation of the area.

Respiratory protection: Respiratory protection not required.

Hand protection: Protective gloves.

Eye protection: Safety glasses. Ensure eye bath is to hand.

Skin protection: Protective clothing.

Section 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

State:	Liquid	
Colour:	Blue	
Odour:	Pleasant	
Evaporation rate:	Moderate	
Oxidising:	Not applicable.	
Solubility in water:	Soluble	
Viscosity:	Non-viscous	
Boiling point/range°C:	>35 Melting point/range®	: No data available.
Flammability limits %: lower:	No data available. uppe	: No data available.
Flash point°C:	32 Part.coeff. n-octanol/wate	r: Not applicable.
Autoflammability°C:	>100 Vapour pressur	: No data available.
Relative density:	0.950 pl	I: No data available.
VOC g/l:	No data available.	

9.2. Other information

Other information: No data available.

SCREENWASH PERFUMED BLUE

Section 10: Stability and reactivity 10.1. Reactivity Reactivity: Stable under recommended transport or storage conditions. 10.2. Chemical stability Chemical stability: Stable under normal conditions. Stable at room temperature. 10.3. Possibility of hazardous reactions Hazardous reactions: Hazardous reactions will not occur under normal transport or storage conditions. Decomposition may occur on exposure to conditions or materials listed below. 10.4. Conditions to avoid Conditions to avoid: Heat. Hot surfaces. Sources of ignition. Flames. 10.5. Incompatible materials Materials to avoid: Strong oxidising agents. Strong acids. 10.6. Hazardous decomposition products

Haz. decomp. products: In combustion emits toxic fumes.

Section 11: Toxicological information

11.1. Information on toxicological effects

Hazardous ingredients:

ETHANOL

DERMAL	RBT	LD50	>2000	mg/kg
ORL	MUS	1H LC50	>20	mg/kg
ORL	RAT	LD50	>2000	mg/kg

PROPANE-1,2-DIOL

DERMAL	RBT	LD50	>2000	mg/kg
ORAL	RAT	LD50	>20000	mg/kg

Toxicity values: No data available.

Symptoms / rou	tes of exposure
----------------	-----------------

Skin contact: There may be mild irritation at the site of contact.

Eye contact: There may be irritation and redness.

- **Ingestion:** There may be vomiting and diarrhoea. The casualty may appear intoxicated. There may be confusion, aggressive behaviour, slurred speech and staggering walk.
- Inhalation: Drowsiness or mental confusion may occur.

SCREENWASH PERFUMED BLUE

Page: 6

Section 12: Ecological information

12.1. Toxicity

Hazardous ingredients:

ETHANOL

ALGAE	48H EC50	>100	mg/l
Daphnia magna	48H EC50	>100	mg/l
FISH	96H LC50	>100	mg/l

PROPANE-1,2-DIOL

Daphnia magna	48H EC50	>4000	mg/l
RAINBOW TROUT (Oncorhynchus mykiss)	96H LC50	40613	mg/l
Scenedesmus Subspicatus	48H EC50	19000	mg/l

12.2. Persistence and degradability

Persistence and degradability: Biodegradable.

12.3. Bioaccumulative potential

Bioaccumulative potential: No bioaccumulation potential.

12.4. Mobility in soil

Mobility: Readily absorbed into soil.

12.5. Results of PBT and vPvB assessment

PBT identification: This product is not identified as a PBT/vPvB substance.

12.6. Other adverse effects

Other adverse effects: Negligible ecotoxicity.

Section 13: Disposal considerations

13.1. Waste treatment methods

Disposal operations: Transfer to a suitable container and arrange for collection by specialised disposal company.

NB: The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.

Section 14: Transport information

Transport class: This product does not require a classification for transport.

Section 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture
