OP2 02727170

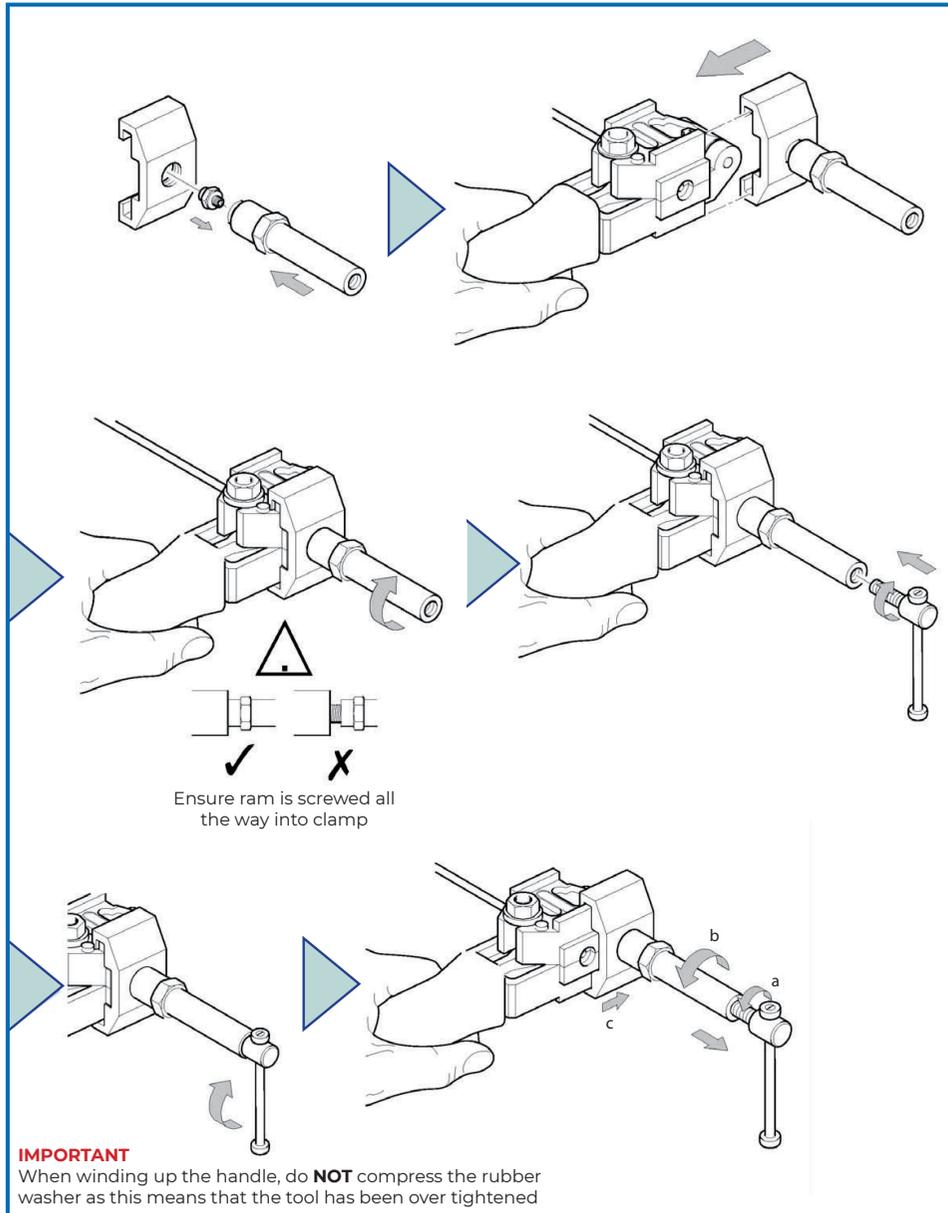

Optional 6mm Set 02726600

# AUTOMOTIVE FLAREMASTER

# TROUBLESHOOTING

**IMPORTANT: ENSURE GOOD QUALITY PIPE IS USED FOR BEST RESULTS**

Problem	Possible Cause
Pipe is Slipping	1. Nut is not tightened correctly
	2. Inconsistent / undersized pipe diameter
Poor Quality Flare	1. Pipe not clean / deburred or cut correctly
