## **Firepits**

## SAFG-2710 Basalt Multi-face

This unique kit has been designed from a beautiful basalt stone with 2 different faces (rock-faced and honed).

The coping has a textured surface with a rock-faced edge on all 4 sides.

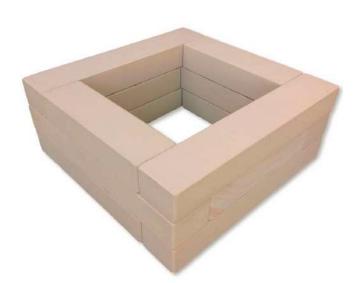

Build Styles: Three different ways. All rock-faced - All hones - Combination \*as shown Kit Includes Coping

Dimensions: Kit:

28" ID / 48" OD / 18" 14"x8"x4" = 16 Pcs - Corner

11"x8"x4" = 32 Pcs - Block

**Weight:** 48"x10"x2" = 2 Pcs-Long Coping 1,990.0 lbs 28"x10"x2" = 2 Pcs-Short Coping

## SAFG-2709 Sunset Buff

This beautiful kit is designed from our Sunset Buff sandstone that has been cut to expose the "grain-natural veins" of natural stone.

All units have a slightly beveled edge to create a unique visual appearance.

**Dimensions:** Weight: 28" ID / 48" OD / 18" 2,100.0 lbs

Kit:

44"x8"x6" = 6 Pcs-Long Block 28"x8"x6" = 6 Pcs-Short Block

• Elegant • Easy Installation • Durable

## Note:

Both of these kits are made from natural stone and do not include a ring or fire pan. World of Stones strongly suggest that all fire pits either be lined with fire brick and metal insert liner which will protect the strone from heat.
