UNIQUE BRANDING FOR A SUSTAINABLE FUTURE

A LEADING BRAND

The origins of BUFF® are in Igualada (Barcelona) and in the passion of the company's founder Joan Rojas for motorcycling.

Almost 30 years ago, his love for sports and an outdoor lifestyle inspired him to create the first seamless multifunctional tubular, the BUFF® Original EcoStretch Multifunctional Neckwear.

Today, the product range is much more extensive, offering a wide variety of accessories for practicing every kind of outdoor

activity. With products currently available in over 70 countries, BUFF®'s mission is to provide high-quality accessories with an innovative design.

Environmental protection and sustainable production methods and materials are part of BUFF®'s DNA, so recycled polyester and certified Merino Wool are integral components of every collection.

BUFF® is for everyone who enjoys the outdoors and who lives every moment with passion.
