

ADJUSTABLE WATTAGE LED A21 LIGHT BULB 5000K E26

GT-A21-52025-DL

The 3 Way LED A21 light bulb is great for general use in any location! Each bulb can switch between 50, 200, and 250 watt equivalents while using 86% less energy than incandescents, with 800, 2800, and 3400 lumens of Daylight. Use less energy and save money. The 3500K light is perfect for larger areas and task lighting. The crisper, brighter light illuminates offices, kitchens, bathrooms, laundry rooms, and more!
