

ADJUSTABLE WATTAGE LED A21 LIGHT BULB 2700K E26

GT-A21-52025-SW

The 3 Way LED A21 light bulb is great for general use in any location! Each bulb can switch between 50, 200, and 250 watt equivalents while using 86% less energy than incandescents, with 800, 2800, and 3400 lumens of Soft white. Use less energy and save money. The 2700K color temperature is perfect for a cozy ambiance in smaller areas. The softer lighting effect enhances the atmosphere in living rooms, bedrooms, porches, and more!
