

20,000 LUMEN LED ADJUSTABLE 8-PANEL BULB

GT-BU-G2008P

Great for large warehouses, barns, garages, and high ceilings, this adjustable 8-panel LED bulb screws easily into a medium base E26 light socket. Fold the panels flat for focused down-lighting or tilt them up for specific light placement and area lighting. Light coverage of approximately 75'x75' when installed at 12ft height with panels tilted at 45°*.

**This is an estimate. Multiple factors affect light coverage.*
