

## GT-CB-70EC

This high-lumen LED light bulb is part of the new GT-Lite **Lumen Tough** pro series. It is a 45-watt replacement for a 350-watt incandescent bulb, helping save you money on your energy bill and lighten your space with a crisp daylight light. The remarkably effective 360-degree LED layout ensures an omnidirectional light spread that covers your 2 or 3-car garage, barn, warehouse, or large workshop.
