- 8.Purple

Brightness	Brightness	Play/Pause	ON/OFF	
Red	Green	Blue	White	LIGHT COLORS ←
Orange	Yellow	Cyan	Purple	
AUTO	JUMP 3	FADE 3	QUICK	LIGHTING EFFECTS ←
FLASH	JUMP 7	FADE 7	SLOW	

- The Remote uses an Infrared Signal to change the color via the receiver node on the Power Cord Controller.
- The Remote will only work in line-of-site of the receiver node on the Control Box

This product is guaranteed against failure due to factory defects in materials or workmanship for one (1) year from the date of purchase. This warranty is non-transferable and applies only to the original owner. Proof of purchase required for repair or replacement. This warranty does not cover normal wear of parts or damage resulting from any misuse of the product. Misuse of the product includes but is not limited to: using in extreme weather conditions, opening the housing of the product, or attempted remodel/alterations made to product.

WARNING:
TO AVOID RISK OF ELECTRICAL SHOCK,
SHUT OFF POWER BEFORE
INSTALLING OR SERVICING THIS FIXTURE

Assembly & Installation: GT-RL-FL | 16ft LED RGB Color Rope Light

WARNING

- Basic precautions should always be followed when using product.
- Read and follow these instructions and observe all warnings.
- Carefully read and understand the information given in this manual before beginning installation. Failure to do so could lead to electric shock, fire, or other injuries which could be hazardous or even fatal.
- Save these instructions and warnings.

CAUTION

- Warning: This rope light may present a shock or fire hazard if the installation instructions are not followed carefully. Install only in locations that follow current electrical codes and adhere to National Electric Code (NEC) standards.
- Do not connect the rope light to power prior to installation.
- This Patriot Lighting rope light is connectible up to 160 feet.
- Please follow instructions for extending the rope light found on Page 3 under **LINKING INSTRUCTIONS**.
- This item is water resistant only. NEVER submerge in water!

POWER

- Do not run this tape light off of any power supply other than the adapter provided in this package. Failure to follow this guideline will result in voided product warranty.
- Never place power supply, receiver, or remote in locations exposed to moisture.

INSTALLATION INSTRUCTIONS:

1. Measure and ensure there is enough room for the rope light to be attached to desired installation location.
2. Use screws and mounting brackets to create the desired path for rope light.
3. Do not pinch or cut rope light.
4. Once rope light is secure, attach power cord.
5. Plug power cord into power outlet.
5. Use power cord controller or remote to achieve desired light setting. (See **REMOTE CONTROL SETTINGS** on page 4.)

LINKING INSTRUCTIONS:

1. Insert end of first rope light into beginning of second rope light.
2. Turn plastic washer clockwise to secure rope lights together.

EYES

DO NOT look directly at LED lights for any length of time!
