INSTRUCTIONS - SETTING UP YOUR VAPECITY RETAIL DISPLAY

1) Connect part(A) to both sides(B) into 3rd hole from top. Push down to lock. The longer legs of the sides must be facing forward to prevent display from toppling forward from product being displayed. Ensure that the sign tabs(C) are facing upward and the grooves shown in above right picture and facing rear.

- 2) Clip the five hangers equally apart to allow for three rows of eCigs and two rows of atomizers shown above. Test the distance with the eCigs and atomizers before to next step. Make adjustments if neccesary.
- 3) Slide VapeCity topper sign into vertical grooves and lock into the two sign tabs(C).
- 4) Install your VapeCity product and your ready to start making a lot of money!
