INSTRUCTIONS

23.5

23.8

- 1. Before you purchase your shoes, please take the time to measure the length of the insole of a current pair of sport shoes you wear. Then compare that number to the chart above and choose the correct size.
- 2. Please note: Sizing varies from man ufacturer to manufacturer. As such, do not just order a size based on a different brand's sizes.
- 3. The correct way to measure is from the tip of the toe to the back of the heel, between the two furthest points.
- 4. All sizes are Unisex and only available in standard (medium) width.
