Dear valued customer,

The chemical substance content of the products manufactured by Protoplant, Inc. has been reviewed against the RoHS, REACH, and TSCA requirements. Based on the material content certifications provided by our suppliers, no materials or products were found to either contain or exceed the applicable regulatory thresholds.

1. RoHS-3 (EU Directive 2015/863)
2. REACH (Jan 2023, 233 SVHC)
3. TSCA (Toxic Substance Control Act)

We will be glad to provide our customers with support in relation to any specific questions they may have regarding our products.

Sincerely,

Dustin Cram, Owner
