

What you get with Heliosa®

- Instant comfort + no heat up time = energy savings.
- Warm gold or amber glow reduces glare and improves ambience.
- 4 models to suit location and style requirements.
- Patented parabolic reflectors offers area comfort coverage from 10m² up to 20m².
- Variety of mounting options - wall, ceiling, stands, under canopies and umbrellas.
- Water resistant IPx5 allows for exposed outdoor installation.
- Can be controlled by individual switch, proximity sensor, or button timer, or can be zoned with a controller.
- Light and durable aluminium structure, reflector, and long life lamp make for easy installation and low maintenance.
- Models available powder-coated in Carrara White and Cast Iron Grey. Darkened safety glass model in Optic Black.
- Designed and manufactured in Italy to conform to International and Australian Standards (CE Mark and AS/NZ RCM).
