Bothy
Cask Best Bitter

Our ode to Yorkshire brewing tradition, and our space within that storied history of beer, Bothy Best Bitter is a blend of traditional and modern brewing that we're extremely proud of.

Using all British ingredients, Bothy is exactly what you'd wish from a cask best bitter. Sweet honeyed malt, and peppery spice from the hops, all built upon the most biscuity of backbones.

As an unfiltered and cask conditioned beer, Bothy retains a fantastic body, as well as plenty of delicious esters from the live yeast present in the cask.

Reminiscent of pints by the fire at the local, Bothy is all we really want from a cask beer - simple, accessible, and devilishly moreish.

Available during autumn and winter in:

9G SS Cask
