

ZAPATO

SHOOM

4.5% ABV

Shoom
4.4% Pale Ale

A thirst-slaking pale ale that brings together brewing traditions from the UK, the USA and Belgium. Crisp and dry and laden with deep hoppy complexity.

Shoom brings together Californian and English hops, English yeast and Belgian inspiration as a very roundabout way of reproducing one of our favourite Belgian beers at a sessionable strength.

It's a party beer for sure and designed for summer time - it's hazy and juicy but with a sincere herbal presence that delivers a balanced pale ale to put a grin on your face. Gentle bitterness gives it extra quaffability, a session beer but it cuts nicely as a shandy, especially with tropical pop.

Available June-October in:
50L and 30L Keg
500ml Cans (rare)

History of this beer

Shoom is for summer, crisp and hoppy works best in the warmer months in our opinion and Shoom gives way to Thwock in Autumn when we crave softer hoppy beers.

Allergens

Gluten (Barley, Oats, Wheat), Yeast
VEGAN
