## TENT

4.5% ABV

Tent  
Hazy Cask Pale

Tent marries our reverence for the heritage of cask with our love for modern, hop-forward pales. This beer is an exercise in pillowy soft and super repeatable pale ale.

A lean, simple malt bill is decorated with layers of hop complexity: Chinook provides a firm bitterness upon which further hopping adds a ton of fruity flavours. Ekuanot creates a herbal base with notes of pine. Nectaron brings huge pineapple notes to the party, along with a peachy vibe that's mirrored by Citra, one of our favourite aroma hops for good reason.

This cask beer shows what modern cask beer can be - moreish and infinitely pintable, yet worthy of savouring and considering as much as anything else.

Available during spring and summer in:
