TEAMWEAR
CATALOGUE

www.samurai-sports.com

Samurai is a brand born out of technical excellence and quality of design. We believe teamwear is not just a uniform, it's a performance advantage. If you look and feel great, you perform great.

Since 1996 we have specialised in creating multi-sport bespoke teamwear which has been engineered alongside professional athletes but accessible to all, and our quest for excellence has never wavered.

Today the iconic Samurai rising sun is worn with pride and passion the world over.

Don't settle for simply wearing a generic sports uniform, create a made to order product with quality in every single thread and out-perform the opposition in every way.

MADE TO ORDER EXCLUSIVELY FOR YOU

Samurai Sportswear was founded in 1996 with the concept that quality is the key to great customer service. We deliver the image that promotes your team's competitive spirit.

With our head office and warehouse located in Long Stratton, Norfolk and our own British managed factory in Dongguan, China we have set the company up to provide quality and service. A company setting new standards in quality apparel and accessories.

Our company offers the very latest in functional Multi Sport apparel, leisure and corporate wear, guaranteed to give you the look that gets you noticed. Thanks to our passion for design and quality, we're trusted by a diverse range of sports clubs, schools and universities.

Bespoke manufacturing and customer service are our unrivalled specialities. We believe every club has the right to be unique. Which is why we make your kit to order, especially for you. You can choose your own styles, colours, fabrics and manufacturing options to suit your specific needs and requirements. We can create something special exclusively for you.

Your sport. Your garment. Your colour. Your fabric. Your choice.
That's why **Samurai Sportswear** is so different to other brands.
We manufacture your kit, your way, unique to you.

Whether your requirements call for 10 or 10,000, we will meet your needs with unparalleled service. If you want your image to be your calling card in the competitive field, you need **Samurai Sportswear** to help you get there.

As well as making your kit to order, we also have a range of uniforms and kits in stock. Jackets, hoodies, tees and polos are just some of the items we have available from stock with fast turnaround times.
If you want your name on it . . . you want our quality in it.

Samurai Sportswear – "Quality in Every Single Thread"

#LooksBetterLastsLonger

SAMURAI'S PRICE PROMISE

If you find an equivalent product as good as ours but cheaper, we'll match it, that's a promise...

LEADTIMES

Since 1996 Samurai Sportswear has excelled in "made to order" custom teamwear manufacturing.

One of our many core strengths is in truly bespoke garment manufacture, offering quality products, speed of delivery, attention to detail and a personal service. Having our own factory means that we have total manufacturing control from concept through to delivery, with a 97.8% average on-time delivery success over the last 5 years.

Remember, lead times only commence once an order has been checked and authorised in writing via email or hard copy by you, the customer. Only then does it become classified as a confirmed order and is scheduled for production in the order, time and date it was fully confirmed.

Standard Made to Order Teamwear Delivery: 6-8 weeks

As soon as you have checked and approved your order, we will schedule your order for production within our factory. The delivery time of 6 to 8 weeks will apply. *During very busy periods, our standard lead time may increase.*

Made to Order Express Teamwear Delivery: 3-4 weeks

For a quick turnaround on custom made orders, we offer an 'express' manufacturing service of 3-4 weeks. *This service is subject to availability and may be subject to a surcharge at certain times of the year.*

Stock Product Range Order, Fully Personalised: 1-2 weeks

As soon as you have checked and approved your order, we will schedule your order for customised print and/or embroidery within our own dedicated on-site decoration workshop. Your goods will normally be delivered to you within 1-2 weeks.

Stock Delivery, Non Personalised: 48 hours

As soon as your order has been approved, we aim to dispatch the goods and have them delivered to you within 48hrs when no personalisation is required.

Track & Trace

So that you know where your Samurai products are at all times, we offer a 'Track and Trace' service which allows you to follow the movement of your delivery. Supply us with your email address or mobile phone number at point of order and you will be able to follow your Samurai delivery to your front door.

Made to
Last.**

**The Samurai mission statement is quite simple.
To deliver quality in everything we do.**

Our Production team are responsible for ensuring every part of our garments meet the highest standards.

Our fabrics & garments are independently tested via a leading testing laboratory to ensure they exceed both British & International standards. We test functionality, colour fastness, colour transfer, seam strength & elongation.

Above all they are tested for their ability to stand up to the kind of wear they are likely to get in actual use. They are engineered to perform.

In addition to this we have 9 quality control checks during the production line manufacturing process to ensure our garments meet customer needs & expectations.

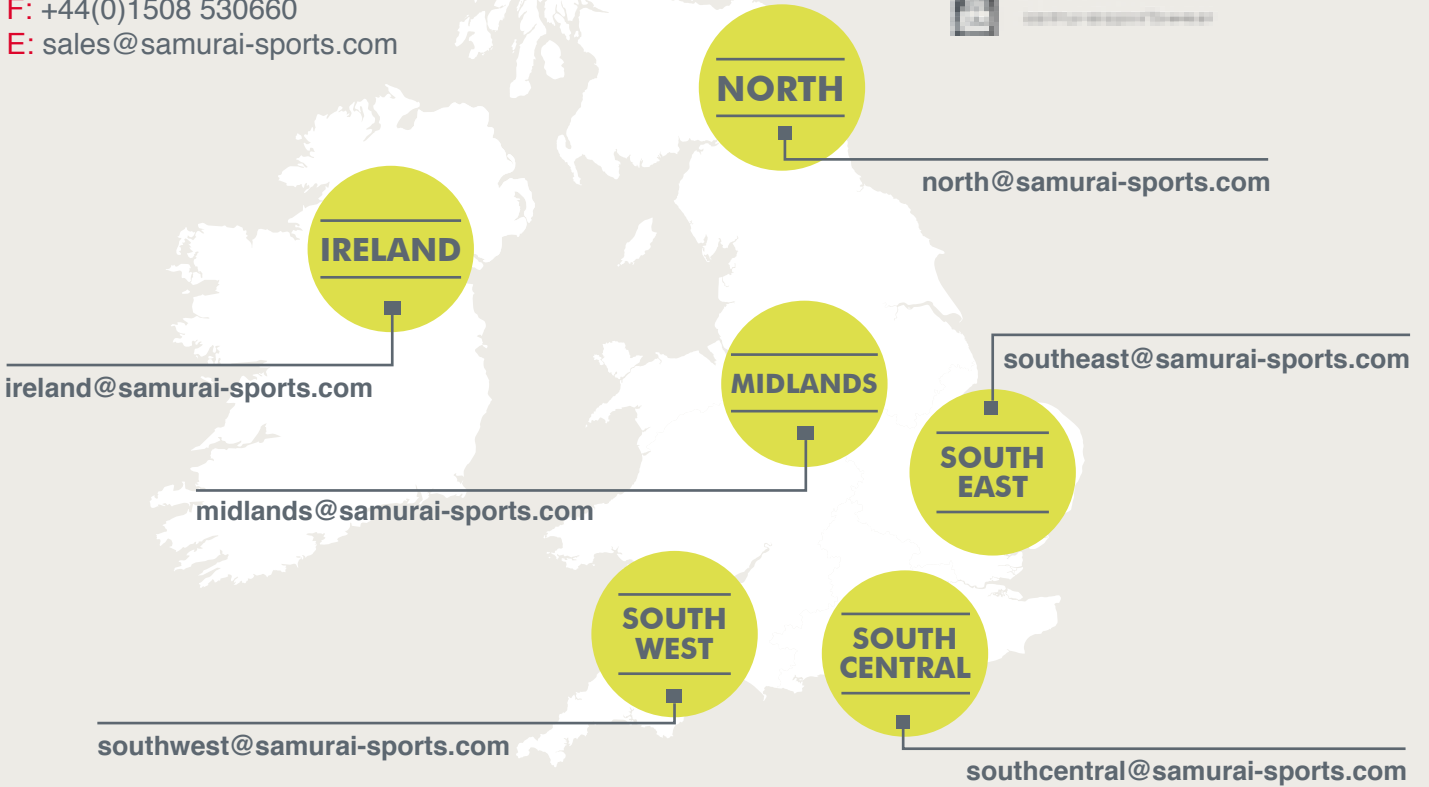

Our commitment to quality is as important to us as it is to you, which is why we ensure that Samurai products exceed all industry standards.

Moisture Management
PERFORMEX™
Cycling to Soccer

Our next generation Performex™ System encompasses a family of top calibre performance fabrics developed exclusively by Samurai.

Anti-Bacterial

The fibres in this fabric have been chemically treated to incorporate an anti-bacterial chemical, making the finished garment resistant to the growth of micro-organisms (fungal).

Breathable

This fabric allows air vapour to circulate around the body, keeping the body cooler for longer when worn.

Shower Proof

This garment resists water from absorbing/penetrating into the fabric up to a light rainfall keeping you dry.

Waterproof

The fabrics pores have been closed & therefore will not allow water or air to pass through them making the garment waterproof if used in conjunction with taped seams.

Wicking

This fabric has been developed to disperse moisture & allow it to pass through to the surface of the fabric, away from the body so that evaporation takes place, keeping the user cool, dry & comfortable.

Wind Proof

This garment acts against or opposes the penetration of wind or air, removing the chill factor when worn.

UV Protection
40+

The UPF rating for this garment indicates how effective the fabric is at blocking out solar ultraviolet radiation from reaching the skin. This Samurai garment has a protective rating of 40+

HOW TO ORDER - MEN'S RUGBY KIT

With 4 different Rugby jersey options to choose from, Samurai provide you with the opportunity to select exactly what you are looking for in a jersey. See pages 6-7 for information.

Please ensure you select the right jersey to suit your needs & requirements. Samurai provide you with the "power to choose".

01

Select your jersey...*Select the style, fit & cut of the jersey you would like, together with your required sleeve length.*

Why Sublimation?

"The only limitation is your own imagination"

The advantage of sublimation printing is that any colour, gradient or design requirement can be achieved, all logos are included & the results are permanent, providing a totally durable finish that will not fade or crack over time.

When sublimation inks are heated & reach a temperature of around 200°C they turn into a gaseous state & become more vibrant in colour. These colours then penetrate the polymer content of the fabric's substrate & become part of the substrate itself. The effect is rather like that of tattooing, providing an everlasting design, colour & clarity.

Select a design from our huge gallery of jersey designs & we will personalise them adding your own colours, Geo patterns & logos to make them absolutely unique to you.

If you have a little more time then one of our Creative team will produce something even more unique.

Don't be afraid to express yourself. At Samurai, our goal is for you to reach your full potential.

TOUCH RUGBY

Choose your design, choose your colour

CUSTOM MADE TO ORDER TOUCH RUGBY

Touch is one of the fastest growing sports in England, played by people of all ages & skill levels. Removing much of the contact, Samurai have developed kits that allow for freedom of movement & agility, so you can easily out perform your competitors with style & credibility.

Our Performex™ vest has been developed specifically for Touch Rugby with a V-Neck collar. Available in all of our 14 leisurewear theme designs or any sublimated design you see throughout the brochure.

Can't find what you're looking for? We can offer a fully bespoke service designed free of charge by one of our Creative Designers.

The Ultimate Samurai Premgripp® Sock with Padded Protection and Positive Power for your feet.

Supplied EXCLUSIVELY by Samurai Rugby Gear

AS WORN BY
AVIVA PREMIERSHIP
CHAMPIONS
EXETER CHIEFS

Integrated Grip Technology

The ultra fast technology helps to stimulate your nerve endings which are connected to your calf muscles, helping enhancing the lower leg blood circulation.

Reinforced Ankle padding for protection

Anti-Blister Technology

The Premgripp® Trainer Sock is designed to mould to the foot to prevent Rugby boots slipping, maximising the power transfer when changing direction and increasing performance margins.

Call Our Sales Team Now on 01508 531010

Can be worn in conjunction with our footless match sock, ensuring your team kit still matches on the pitch.

1. Ultra fast technology to stimulate blood flow from the foot.

2. Integrated technology to enhance grip.

3. Fully cushioned to ensure the perfect fit.

4. Double density padding for enhanced ankle protection.

5. Extended padding in the toe area for further comfort.

6. Ribbed on the anterior area of the foot to prevent creasing.

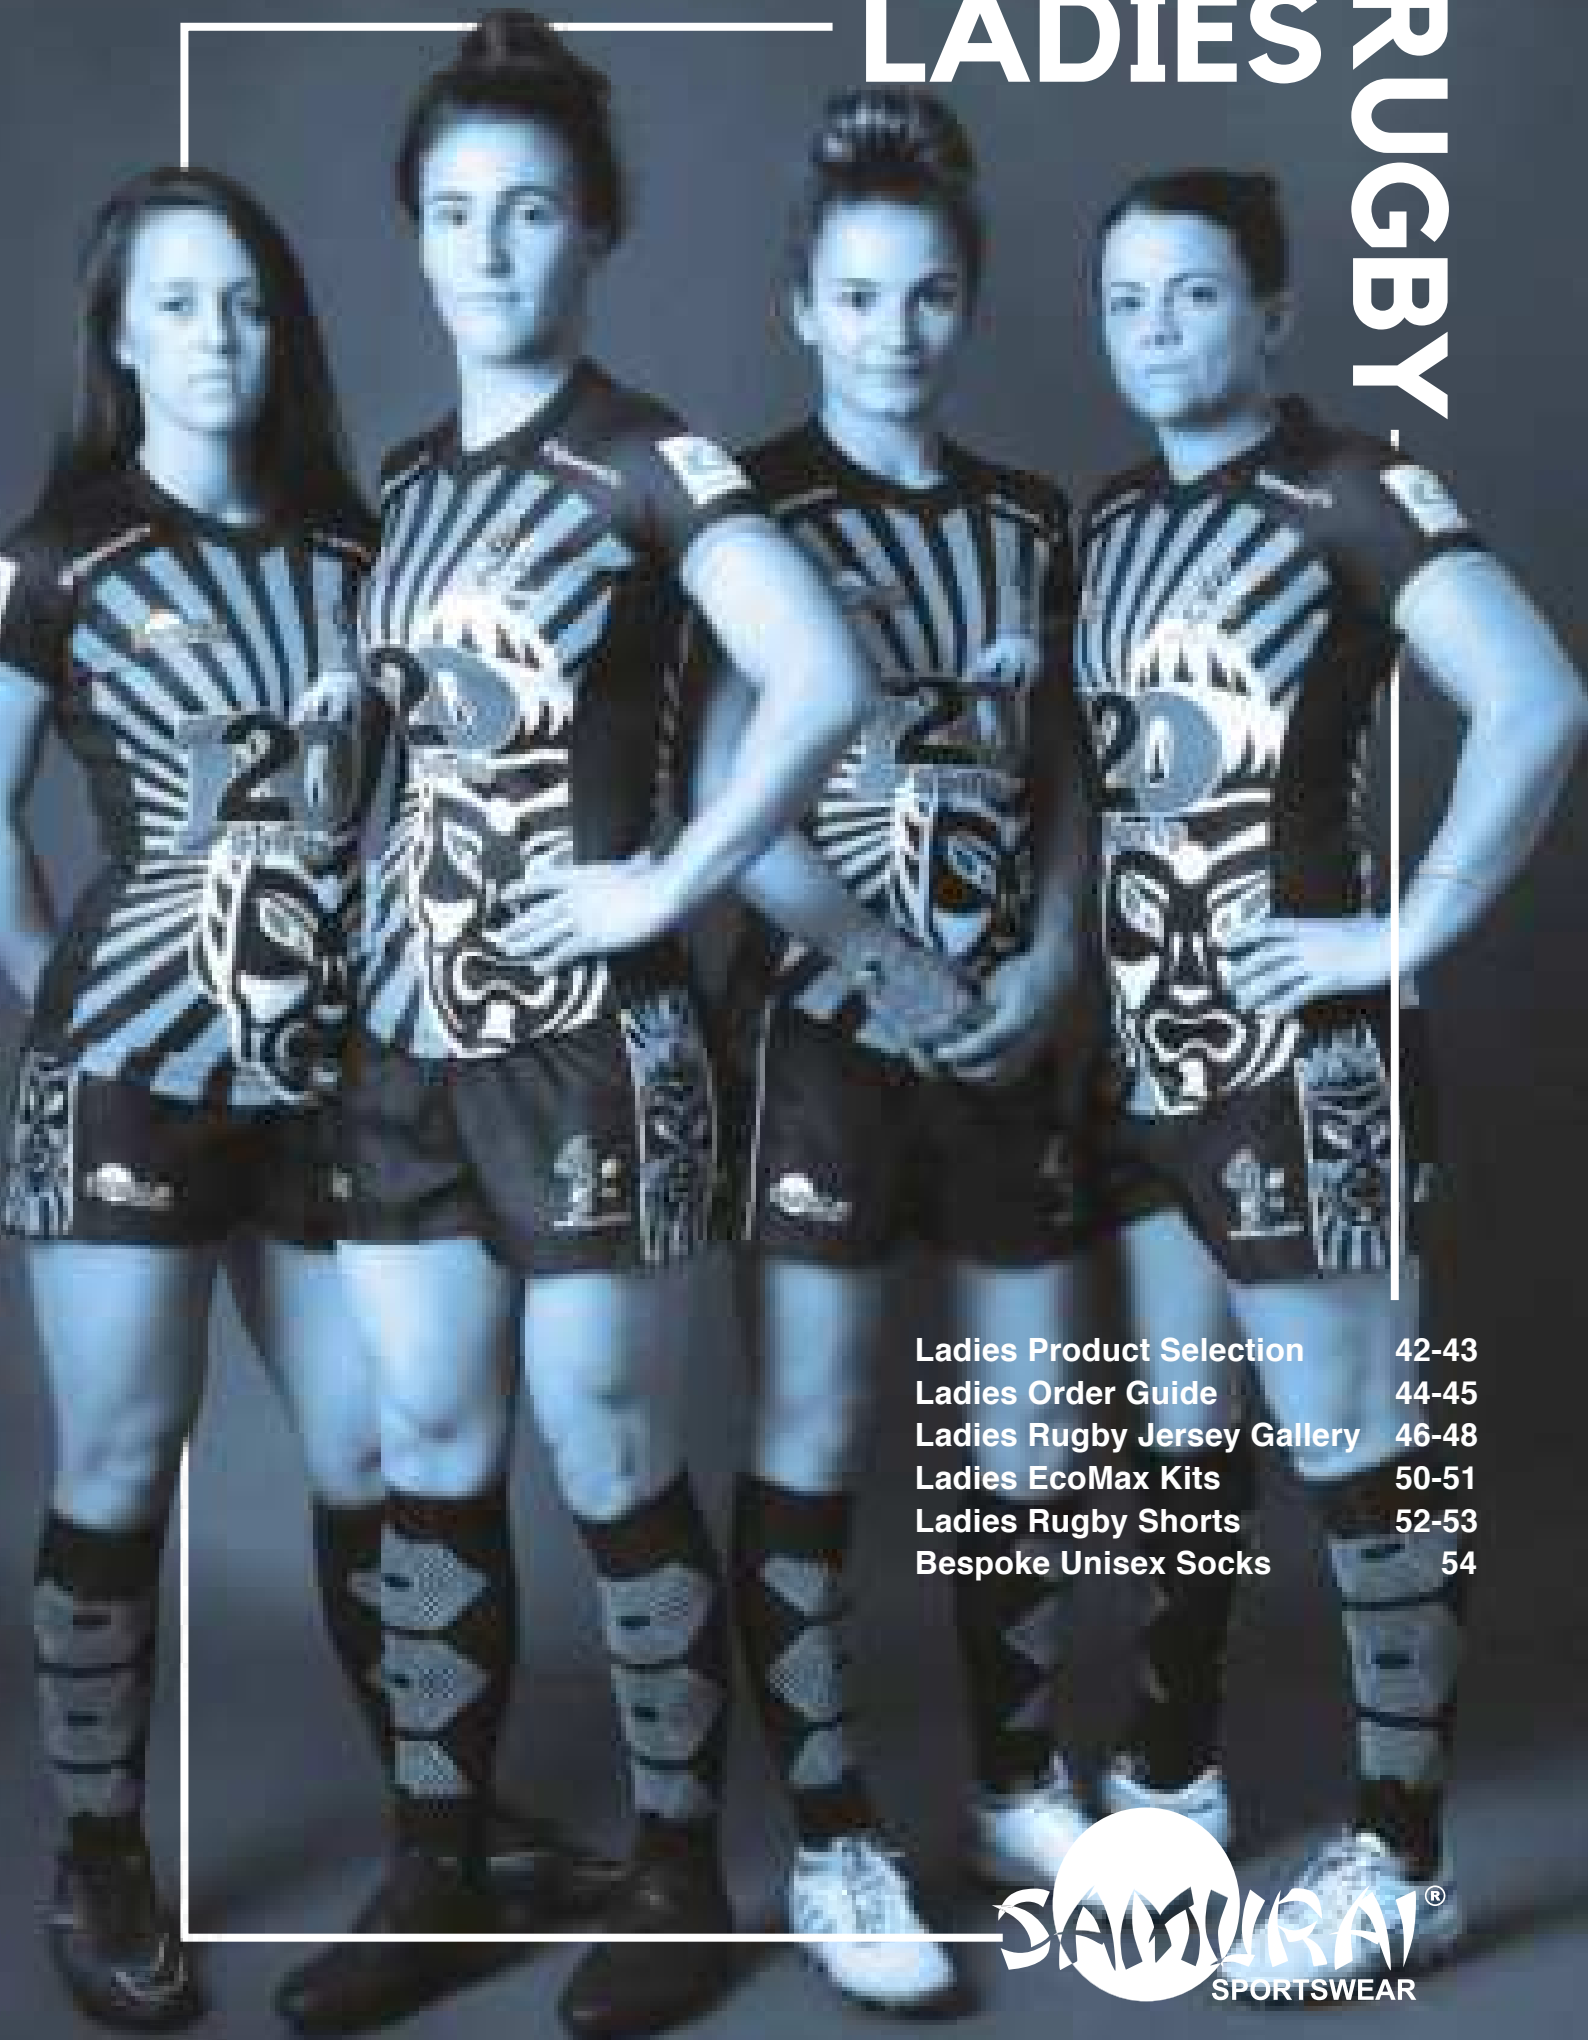

7. Padded sole for ultimate comfort.

Our long term history has seen Premgripp® socks and the rest of our kit become a staple for many players. It is extremely important to have your feet healthy and comfortable, this gives you more power and the performance you need to win. Also your partners, and the staff will thank you for the extra comfort.

Tom Wilson, Exeter Chiefs, Team Manager

Moisture Management
PERFORMEX™
Cycling to Soccer

Our next generation Performex™ System encompasses a family of top calibre performance fabrics developed exclusively by Samurai.

Anti-Bacterial

The fibres in this fabric have been chemically treated to incorporate an anti-bacterial chemical, making the finished garment resistant to the growth of micro-organisms (fungal).

Breathable

This fabric allows air vapour to circulate around the body, keeping the body cooler for longer when worn.

Shower Proof

This garment resists water from absorbing/penetrating into the fabric up to a light rainfall keeping you dry.

Waterproof

The fabrics pores have been closed & therefore will not allow water or air to pass through them making the garment waterproof if used in conjunction with taped seams.

Wicking

This fabric has been developed to disperse moisture & allow it to pass through to the surface of the fabric, away from the body so that evaporation takes place, keeping the user cool, dry & comfortable.

Wind Proof

This garment acts against or opposes the penetration of wind or air, removing the chill factor when worn.

UV Protection
40+

The UPF rating for this garment indicates how effective the fabric is at blocking out solar ultraviolet radiation from reaching the skin. This Samurai garment has a protective rating of 40+

HOW TO ORDER - LADIES RUGBY KIT

With 4 different Rugby jersey options to choose from, Samurai provide you with the opportunity to select exactly what you are looking for in a jersey. See pages 42-43 for information.

Please ensure you select the right jersey to suit your needs & requirements. Samurai provide you with the "power to choose".

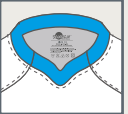

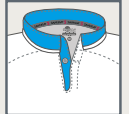

01 Select your jersey...*Select the style, fit & cut of the jersey you would like together with your required sleeve length.*

ICONIX <i>Test Match Jersey</i>	IIENDURO		ACTIFlex	EcoMax
				
Competition Fit	Pro Fit	Semi Fit	Pro Fit	Semi Fit

02 Select your Design...*If time is of the essence then simply select a design from our huge gallery & we will create it in your own colour selection. Alternatively if you have more time we can produce something even more unique.*

				 FREE GARMENT DESIGN SERVICE
---	---	---	--	--

03 Select your Collar...*to match your jersey & design choice.*

 Sweetheart	 Standard Collar & Placket	 Grandad NZ Loop Placket	 South African	 Samoan	 Optimax
---	--	--	--	---	--

04 Select your fabric below...*to match your jersey & design choice.*

Fabric key		 
Sublimated Fabrics	Cut & Sew Fabrics	
<ul style="list-style-type: none">  Kohino 4DX Sublimated 290gm.  Elitex Sublimated 280gm.  Ikoma Smooth Sublimated 220gm. 	<ul style="list-style-type: none">  Ikoma Textured Cut & Sew 220gm.  Ikeda Cotton Jersey 360gm. 	
See pages 212-214 for fabric information.		

05

Select your Team Colours...*Select from the Samurai range of core stock fabrics or simply select your own Pantone colour for Sublimation.*

Samurai Cut & Sew Core Colour Range

Why Sublimation?

"The only limitation is your own imagination"

The advantage of sublimation printing is that any colour, gradient or design requirement can be achieved, all logos are included & the results are permanent, providing a totally durable finish that will not fade or crack over time.

When sublimation inks are heated & reach a temperature of around 200°C they turn into a gaseous state & become more vibrant in colour. These colours then penetrate the polymer content of the fabric's substrate & become part of the substrate itself. The effect is rather like that of tattooing, providing an everlasting design, colour & clarity.

Select a design from our huge gallery of jersey designs & we will personalise them adding your own colours, Geo patterns & logos to make them absolutely unique to you.

If you have a little more time then one of our Creative team will produce something even more unique.

Don't be afraid to express yourself. At Samurai, our goal is for you to reach your full potential.

ECOMAX RUGBY JERSEY

Top 15 designs - Any colour

Customised RUGBY BALLS

Why not customise your club balls? It's easy to arrange & has maximum effect! Use them at your annual fundraiser or Rugby tournament with a minimum order quantity of only 30 balls.

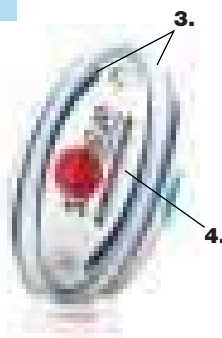

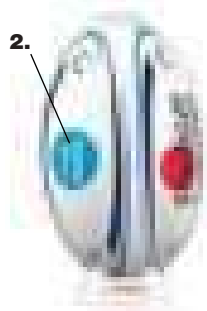

The prints are incredible quality, even with complex logos. Add value to your sponsorship deals by having the names & logos of your sponsors on balls.

We will customise your balls with club colour trims on all 4 panels & logos/crest on 2. The Samurai logo will appear on the other 2 panels.

EPS or high resolution JPEG or TIFF format artwork required.

LOGOpositions

1. Option for Sponsors logo/Club badge
2. Option for Sponsors logo/Club badge
3. Option to change the colour trims to match your clubs/sponsors colours
4. A 3rd panel is available for additional branding upon removal of our Samurai logo

RUGBY POST PROTECTORS

*Designs shown are for example only.

Post Protectors

All our protectors are made to the same top quality specification, being 6ft (180cm) high or Junior 4ft (120cm) high. Using a solid foam inner so that the protectors keep their shape. The foam is protected by a water resistant lining & an extra tough brightly coloured PVC outer. Many other sizes available, please contact our UK Sales Department on 01508 531010 for more information.

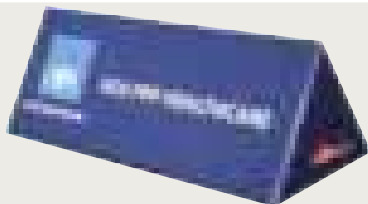

Code:	• Senior 27.5 x 180cm (11in Std Club)	3-627714
Code:	• Senior 40 x 180cm (16in)	3-627728
Code:	• Senior 50 x 180cm (20in)	3-627732

Round Post Protectors

Round post protectors can fit any diameter of post & can be printed to highlight sponsors names & logos. Please call our sales team on **01508 531010** for more details.

Advertising Wedge/Prism

Perimeter advertising wedges & prisms are available, please call 01508 531010 for further details.

Please state leg length when ordering.

Our next generation Performex™ System encompasses a family of top calibre performance fabrics developed exclusively by Samurai.

Anti-Bacterial

The fibres in this fabric have been chemically treated to incorporate an anti-bacterial chemical, making the finished garment resistant to the growth of micro-organisms (fungal).

Breathable

This fabric allows air vapour to circulate around the body, keeping the body cooler for longer when worn.

Shower Proof

This garment resists water from absorbing/penetrating into the fabric up to a light rainfall keeping you dry.

Waterproof

The fabrics pores have been closed & therefore will not allow water or air to pass through them making the garment waterproof if used in conjunction with taped seams.

Wicking

This fabric has been developed to disperse moisture & allow it to pass through to the surface of the fabric, away from the body so that evaporation takes place, keeping the user cool, dry & comfortable.

Wind Proof

This garment acts against or opposes the penetration of wind or air, removing the chill factor when worn.

UV Protection
40+

The UPF rating for this garment indicates how effective the fabric is at blocking out solar ultraviolet radiation from reaching the skin. This Samurai garment has a protective rating of 40+

Better by design...

At Samurai Sportswear, there's no substitute for quality. It's the foundation of our business, it's embedded in our DNA & it's the Samurai value that is recognized around the World.

This attention to quality is one of the key reasons why Samurai Sportswear is official team-wear suppliers to Exeter Chiefs, Sale Sharks, Kenya Rugby, Kent & Derbyshire Cricket. Also supplying Sedbergh, Merchiston School, Swansea & Royal Holloway University. Amongst many other teams, schools & universities.

The detail & effort we put into the design means that Samurai products last longer, work harder & help the team perform just when they need it most, giving you that fierce competitive edge.

We are passionate about providing quality garments, manufactured using the latest techniques. Our kits lead the way in build & workmanship; advanced PerformeX™ moisture management fabric technology; & tried & tested durability. Our experience in functional fabric sourcing means less cost gram for gram for you, & with a worldwide distribution network our dedicated staff are here for you today & tomorrow.

With our very own factory, we simply have more of the best people making the best products, to overcome even the toughest challenges & customer requirements.

Premium quality bespoke team-wear manufacturing is our unrivalled speciality.

If you want your name on it...you need our quality in it!

**PERFORMEX™
system**

Our next generation Performex™ System encompasses a family of top calibre performance fabrics developed exclusively by Samurai.

Anti-Bacterial

The fibres in this fabric have been chemically treated to incorporate an anti-bacterial chemical, making the finished garment resistant to the growth of micro-organisms (fungal).

Breathable

This fabric allows air vapour to circulate around the body, keeping the body cooler for longer when worn.

Shower Proof

This garment resists water from absorbing/penetrating into the fabric up to a light rainfall keeping you dry.

Waterproof

The fabrics pores have been closed & therefore will not allow water or air to pass through them making the garment waterproof if used in conjunction with taped seams.

Wicking

This fabric has been developed to disperse moisture & allow it to pass through to the surface of the fabric, away from the body so that evaporation takes place, keeping the user cool, dry & comfortable.

Wind Proof

This garment acts against or opposes the penetration of wind or air, removing the chill factor when worn.

UV Protection
40+

The UPF rating for this garment indicates how effective the fabric is at blocking out solar ultraviolet radiation from reaching the skin. This Samurai garment has a protective rating of 40+

Why Sublimation?

“The only limitation is your own imagination”

The advantage of sublimation printing is that any colour, gradient or design requirement can be achieved, all logos are included & the results are permanent, providing a totally durable finish that will not fade or crack over time.

When sublimation inks are heated & reach a temperature of around 200°C they turn into a gaseous state & become more vibrant in colour. These colours then penetrate the polymer content of the fabric's substrate & become part of the substrate itself. The effect is rather like that of tattooing, providing an everlasting design, colour & clarity.

Select a design from our huge gallery of jersey designs & we will personalise them adding your own colours, Geo patterns & logos to make them absolutely unique to you.

If you have a little more time then one of our Creative team will produce something even more unique.

Don't be afraid to express yourself. At Samurai, our goal is for you to reach your full potential.

Moisture Management
PERFORMEX™
 Clothing to Survive

Our next generation Performex™ System encompasses a family of top calibre performance fabrics developed exclusively by Samurai.

Anti-Bacterial

The fibres in this fabric have been chemically treated to incorporate an anti-bacterial chemical, making the finished garment resistant to the growth of micro-organisms (fungal).

Breathable

This fabric allows air vapour to circulate around the body, keeping the body cooler for longer when worn.

Shower Proof

This garment resists water from absorbing/penetrating into the fabric up to a light rainfall keeping you dry.

Waterproof

The fabrics pores have been closed & therefore will not allow water or air to pass through them making the garment waterproof if used in conjunction with taped seams.

Wicking

This fabric has been developed to disperse moisture & allow it to pass through to the surface of the fabric, away from the body so that evaporation takes place, keeping the user cool, dry & comfortable.

Wind Proof

This garment acts against or opposes the penetration of wind or air, removing the chill factor when worn.

UV Protection
40+

The UPF rating for this garment indicates how effective the fabric is at blocking out solar ultraviolet radiation from reaching the skin. This Samurai garment has a protective rating of 40+

HOW TO ORDER - NETBALL DRESS

Why Sublimation?

"The only limitation is your own imagination"

The advantage of sublimation printing is that any colour, gradient or design requirement can be achieved, all logos are included & the results are permanent, providing a totally durable finish that will not fade or crack over time.

When sublimation inks are heated & reach a temperature of around 200°C they turn into a gaseous state & become more vibrant in colour. These colours then penetrate the polymer content of the fabric's substrate & become part of the substrate itself. The effect is rather like that of tattooing, providing an everlasting design, colour & clarity.

Select a design from our huge gallery of jersey designs & we will personalise them adding your own colours, Geo patterns & logos to make them absolutely unique to you.

If you have a little more time then one of our Creative team will produce something even more unique.

Don't be afraid to express yourself. At Samurai, our goal is for you to reach your full potential.

Sublimation Colours

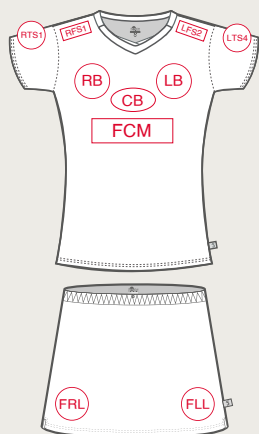

Or select any colour you wish simply by quoting your chosen Pantone reference.

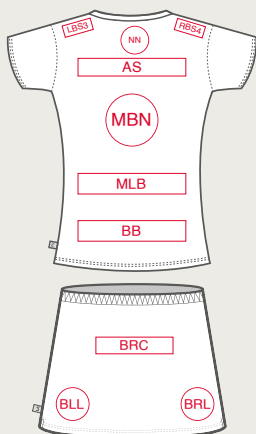

Refer to page 215 for full fabric colour availability

06

Select your Logo application method & logo position.

When choosing logo positions please consider the design you have chosen & the size/shape of the logo.

Our Sportswear logo will be positioned on RB position as standard on Netball garments.

Logo Positioning & application: You can see in the illustration (left) that there are numerous places that we can place a logo on your chosen kit. Some positions will be ruled out by the design of certain garments. Below are the application methods available.

SEE PAGE 216 FOR FULL DECORATION & APPLICATION INFORMATION

07

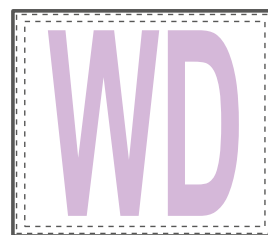

Select your Name & Patch Options...*Select the style & colour of your names & patches from our standard fonts & colour options.*

Standard name & patch options: Samurai Sportswear can offer you a selection of font options, the standard options are shown (right). See page 216-217 for full details.

MORE FONT OPTIONS AVAILABLE
SEE PAGE 216 - 217

PATCH AS SHOWN

NB: Patches sold separately

High quality, functional, technical apparel that performs. Our Performex™ fabric range has been developed by Samurai specifically for Elite teams. These performance fabrics have the ability to wick moisture away from the body & then dissipate the moisture efficiently. Keeping an athlete cool & dry is not only about comfort, it also improves the performance. As technology evolves so has Samurai's fabric range & we now also offer a selection of fabrics with thermal stability, anti-bacterial functions, compression stretch & UV protection

TECTONIChoodie

NEW THIS SEASON!

Code: TEC-CLUB-BES

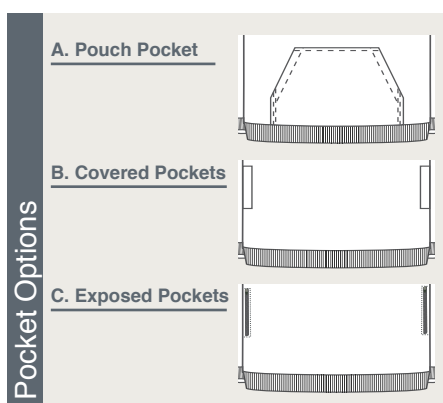

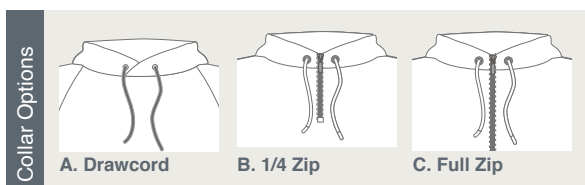

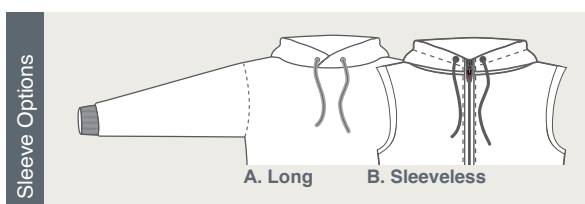

- Double seamed detachable hood
- Silver zip guard & tie cord end accessories
- Jetted pockets with option of contrast zip colour
- #LookGoodFeelGood

At Samurai we are always trying to be innovative. We set ourselves a challenge to reinvent the familiar sweatshirt.

Our Tectonic hoodie has been tried & tested by Professional Athletes who have worked alongside our in house production team to create something truly special.

The hoodie is constructed in our very own Matt Poly Fleece with an extremely soft touch & unbeatable comfort.

Every single detail of our 'Tectonic Hoodie' has been expertly analysed & carefully tailored to develop a product we're excited to share.

ALL MATT POLY FLEECE HOODIES CAN BE SUBLIMATED

*Sizing dependent on fit.

HOODIES / PULLOVERS

Minimum order quantities of 10

Along with our standard theme hoodies, Samurai can also offer an extensive range of hoodies & pullovers to suit any occasion. Choose our Matt Poly Pullover for presentation wear, or for a more relaxed, trend led look, try out our New Hybrid hoodie.

STOCK ITEM

STOCK ITEM

The full Underskinz range is available made to order in 5 different fabric colours & decorated with 22 contrast colours as stitch detail. For large quantity bulk orders our branding can be reduced &/or repositioned.

Unlike other manufacturers Samurai have developed their Underskinz to undertake 2 functions. Instead of needing to purchase 1 garment for winter use & 1 for summer you can purchase just 1 garment to effectively do 2 jobs. Underskinz 142 warms & cools different areas of the body precisely where needed. The fabric is moisture managed using PerformeX™, which allows the sweat & moisture to move from the body to the outside of the garment. It has compression qualities to improve blood circulation by applying varying degrees of pressure, which improves circulation, & helps to supply muscles with optimal levels of oxygen & nutrients. These qualities provide the conditions required for peak performance & recovery. Our Underskinz 142 Baselayers are designed to hug the body tightly providing you with both comfort & performance. Whatever your sport, indoors or out, Underskinz provides the serious sports enthusiast with a quality baselayer at an affordable price...

Long sleeve shaped tee & protective leggings in Navy. Worn with Premier stock short in White.

STOCK RUGBY JERSEYS

Independently owned company

If time is tight, why not make a kit from our stock range? You can still make it unique by branding it with your club & sponsors' logos. Our stock product is subject to demand so order early to avoid disappointment.

Add your Club logo, Sponsors' logo, Name & Squad Numbers for a small additional charge.

All designs shown below are available in Men's (Unisex) fit.

In our Performex™ Ikoma fabric, our Signature hooped Rugby Jersey is built to last. Perfect for training & match play, this Jersey features our Euro collar with durable mesh side panels for added breathability.

Style: **Stock Jersey C**

Sizes: Unisex: LB-4XL

Fabric: Ikoma 220gm

Desc: Pro Fit with modern Euro collar.

Contrast colour mesh panel & piping.

STOCK UNDERSKINZ

Cools, warms & dries exactly where it should, not just where it can. Underskinz 142 incorporates Samurai's very own Performex™ moisture management system.

Unlike other manufacturers, Samurai have developed our Underskinz to undertake 2 functions. Instead of needing to purchase 1 garment for winter use & 1 for summer, you can purchase just 1 garment to effectively do two jobs. Underskinz 142 warms & cools different areas of the body precisely where needed. Whatever your sport, indoors or out, Underskinz provides the best quality baselayer at an affordable price.

- Power stretch fabric with Performex™ moisture management
- Moisture sensing fabric that adapts to changing climates
- Skin fit with flat lock seams for wearer comfort
- Thermal Insulation
- Box fresh Anti Bacterial finish
- Air channelling system

Underskinz 142

Our Performex™ Underskinz 142 Top is designed to warm & cool different areas of the body precisely where needed.

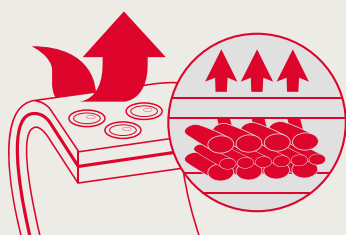

The energy your body would normally expend to regulate its optimal temperature of 37C is thus available as an energy reserve for increased performance. Underskinz cools, warms & dries where it should, not just where it can.

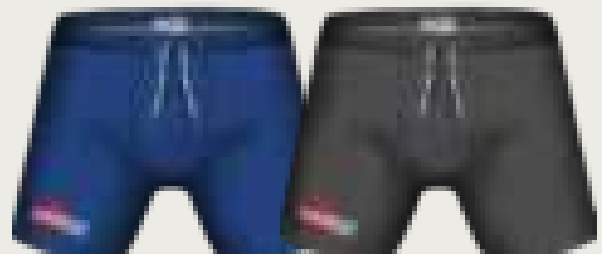

Style:	A. Long Sleeve Shaped Tee	Colour	Code
Sizes:	Male: SB-3XL	Navy	9-637012

Customised RUGBY BALLS

Why not customise your club balls? It's easy to arrange & has maximum effect! Use them at your annual fundraiser or Rugby tournament with a minimum order quantity of only 30 balls.

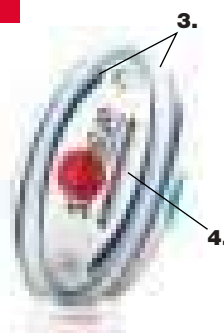

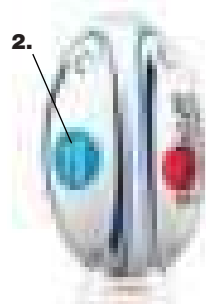

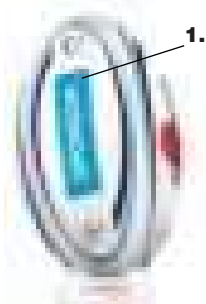

The prints are incredible quality, even with complex logos. Add value to your sponsorship deals by having the names & logos of your sponsors on balls.

We will customise your balls with club colour trims on all 4 panels & logos/crest on 2. The Samurai logo will appear on the other 2 panels.

EPS or high resolution JPEG or TIFF format artwork required.

LOGOpositions

1. Option for Sponsors logo/Club badge
2. Option for Sponsors logo/Club badge
3. Option to change the colour trims to match your clubs/sponsors colours
4. A 3rd panel is available for additional branding upon removal of our Samurai logo

MALE SIZE CHART

For an Appointment Call 01508 531010

Athletes come in all shapes & sizes & so should your kit. Not only can you create your own unique design, you also have a choice of garment fits, collars, sleeve & leg lengths & fabrics. The image shows where fit measurements should be taken from.

The size guide is a general guide only - sizes do vary depending on the cut & style of the garment. If you find you measure in between the measurements shown, we recommend that you order the next size up.

Where to Measure Men's & Boy's

Waist
Measure around your natural waist, at the narrowest part of your torso.

Chest
With arms relaxed, measure around the fullest part of your chest.

Inside Leg
With bare feet stand with legs slightly apart, measure from top of inside leg to the floor

FABRICS

For an Appointment Call 01508 531010

This area allows you to explore the many fabric options that we have to offer. Simply browse the fabrics below to discover the many beneficial & practical functions of each of our fabrics.

You can decide which fabric is right for you using our recommendations, uses & colour options guide on page 215, making a fit for you.

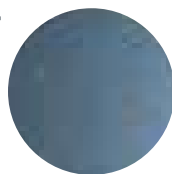

PERFORMEX™ knits

Waffle Knit
140gm
100% Polyester

This super light-weight knit has a soft & light feel. With Samurai's exclusive Performex™ functionality; being quick drying, it offers the greatest of comfort.

Diamond Polyester
175gm
100% Polyester

The ideal choice for training & leisurewear usage, this easy care textured sports finish fabric includes Performex™ moisture management system & has the added benefit of a box fresh antibacterial finish whilst providing the ultimate comfort.

Smooth Interlock
140gm
100% Polyester

It's lightweight easy care & sports finish properties makes this smooth faced fabric popular across Multisport Teamwear & Leisurewear ranges, with the added benefit of our Performex™ moisture management system.

Kohino 4DX
290gm
90% Polyester/
10% Elastane

Our top of the range 'super sub' fabric has been specifically developed for teams playing at the highest level of the game. A new breed of technical stretch fabric that features high modulus 4D extension which works in harmony with the body during periods of exertion, offering no restriction to your movements. Developed & recommended for professional match quality team wear in our premium garment ranges.

Kusaro Pro
208gm
85% Polyester/
15% Elastane

This fabric has been specifically developed for use in countries with high temperature & humidity. As a high stretch fabric, it is suitable for tailored or tight fitting garments. Using our Performex™ moisture management system it channels moisture away from the body, rapidly evaporating the moisture on the outside of the fabric, which, in turn, stops the body from overheating. A multisport fabric which is highly recommended for Netball & Hockey, as well as our all-weather base layers.

Elitex
280gm
95% Polyester/
5% Elastane

With a knit structure that has a soft & light hand feel, along with excellent wicking & breathability capabilities, this fabric is suited to both multisport match play & comfortable leisurewear apparel. Primarily a sublimation fabric, it offers endless possibilities in terms of colour & design to truly individualise your kit. Also available in a range of cut & sew colour options, this functional & easy to wear fabric is perfect for any climate.

Ikoma
220gm
100% Polyester

Our most popular fabric among professionals & amateurs alike, this 100% polyester fabric boasts Performex™ qualities such as moisture wicking, breathability & UV Protection of 40+, making it most suited to match play. The fabric structure ensures a high tensile strength which means garments can withstand the rigors of tough match play. This versatile fabric can be sublimated or is available in Samurai's standard solid colours to produce modern cut & sew designs.

Matt Poly Fleece
280gm
100% Polyester

A trend led fabric offering a semi-sheen clean face, with a brushed fleece anti-pill backing. The look aesthetically updates a traditional hoodie, yet provides all the thermal warmth associated with a traditional fleece fabric.

Durable Eyelet Mesh
300gm
100% Polyester

This premium eyelet is a robust knit, with stable holes in the fabric, allowing for full air flow & a lightweight feel. Also, the tensile strength of the fabric can withstand many of the rigors of touch match play. The fabric lends itself to many different apparel uses, most notably our American sports ranges.

Visit Our Website samurai-sports.com

Our next generation Performex™ System encompasses a family of top calibre performance fabrics developed exclusively by Samurai. As technology evolves so has Samurai's fabric range & we now also offer a selection of fabrics with thermal stability, anti-bacterial functions, compression stretch & UV protection.

PERFORMEX™ wovens

Microlight Ripstop
105gm
100% Polyester

A fashionable multi use light weight fabric popular for Leisurewear use, which is both durable, hard-wearing & showerproof. Soft & light to touch, functional & comfortable.

Pineapple Ripstop
114gm
100% Polyester

A multi-use medium weight fabric, which is both durable & hard wearing. It has a soft hand feel & matt finish. It is fully waterproof (if used in conjunction with taped seams) & also has the benefit of a breathable membrane.

Four Way Stretch
166gm
89% Polyester/
11% Elastane

This premium elastomeric woven fabric uses a combination of elastane yarn & woven construction to provide a fabric that can stretch in each direction. This provides comfort & an excellent range of movement which is ideal for functional sportswear.

Taslon Polyester
110gm
100% Polyester

Micro Poplin breathable fabric, with a semi-matt sports finish. This durable fabric was developed specifically for Multisport Trackpants & Leisure Shorts.

Polyester Drill
197gm
100% Polyester

This durable, lightweight fabric is used for our premier match Rugby shorts & has Multisport match play uses. Soft & light to touch, functional & comfortable. It has high tensile tear strength, along with great abrasion resistance providing a robust, hard wearing fabric. It is fade resistant, easy to wash & quick drying.

Taslan Nylon
140gm
100% Nylon

A modern, high-tech, woven fabric. It is a strong, durable fabric, ideal for outerwear garments you may want to train in every day due to the showerproof & windproof fabric.

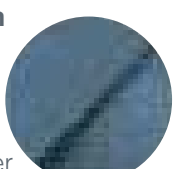

Smooth Nylon
120gm
100% Polyester

A hard-wearing fabric that is fully waterproof (if used in conjunction with taped seams) with a semi-breathable membrane. It is soft & smooth to the touch with a semi-matt finish.

Bonded Shell Mesh
230gm

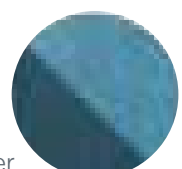

Outer:
94% Polyester/
6% Elastane
Inner: 100% Polyester

New generation fabric that thermally bonds together two fabrics. The Combining a stretch woven fabric & a light-weight jersey mesh, providing durability & stretch aspects. A shower-proof membrane makes it fully waterproof if used in conjunction with taped seams.

Bonded Soft Shell
266gm

Outer:
96% Polyester/
4% Elastane
Inner: 100% Polyester

This fashion-led fabric thermally bonds together two fabrics presenting a clean & smooth face fabric. A knitted jersey with a light-weight Polar Fleece inner with all the thermal aspects this can provide.

SAMURAI'S SUPER 6 12 MONTH PRODUCT GUARANTEE

Buy wise, Buy once, Buy Samurai

At Samurai we invest in our product innovation & we're proud to provide "Samurai's Super Six". Our 6 best selling performance garments that now qualify for our **extended 12 month warranty**.

We're confident that the following engineered garments will not only exceed your expectations but will also empower you in match play.

Samurai constantly put products through their paces, subjecting them to rigorous strength testing to ensure that they go above & beyond industry requirements. This 12 month guarantee reflects the complete confidence & trust we have in the products we manufacture in our very own factory.

All other Samurai products are still valid on our standard 6 month warranty.

To find out more, visit samurai-sports.com/product-guarantee

COLOUR CHART

We are unable to stock all colours in all available fabrics and therefore have a defined standard colours range & in addition, a range that is identified as our special colour range. Special colour fabrics often have longer lead times & are also price & quantity sensitive, please take a note of this when ordering. Our standard colour fabrics are normally readily available for our bespoke manufacturing process.

Fabrics not shown as being stocked in the colour of your choice can be sourced, however minimum order quantities will apply. Many Samurai garments are enhanced with the use of piping or textile tape. Piping & textile tape are available in 23 colours. Both are excellent ways of incorporating special colours into your bespoke garments without having to meet high minimum order quantities.

* Limited on Performance fabrics ◦ Special Fabric Colours ● Performex™ Fabrics

Sublimated garments can be any colour imaginable. Choose a colour from our standard range above or simply select & quote your chosen Pantone or CMYK reference.

You can search the Pantone Colour Finder online, select your chosen Pantone colour & provide us with the colour name or number ending in C (Solid Coated).

*Please note colours shown may vary due to computer screen calibrations

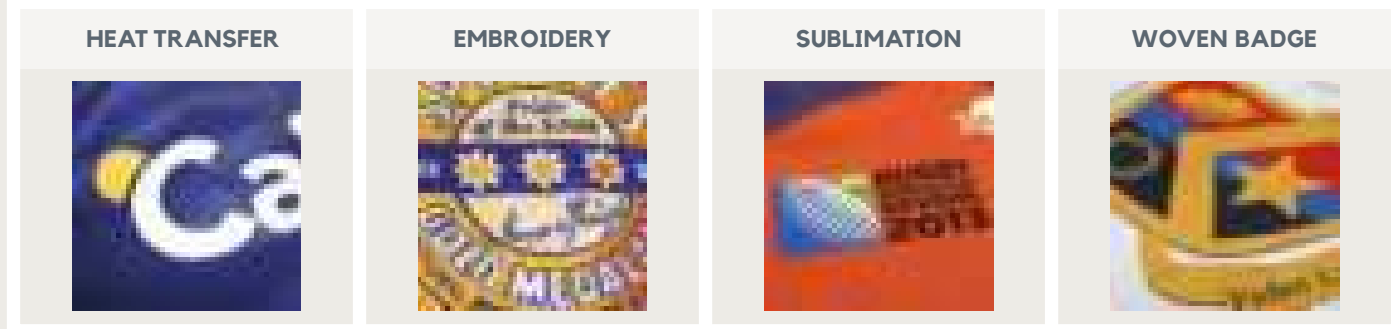

DECORATION

Choose your logo choose your colour

LOGO APPLICATION *options*

We offer 4 forms of decoration; Heat Transfer, Embroidery, Sublimation or Woven Badge*. All you need to do is supply us with your club logo, crest & sponsors details in the correct format. Screen printing is also available*.

*Subject to MOQ of 100pcs per garment.

ARTWORK

Logos should be provided in one of the following formats:

Vectorised File:	.ai or .eps. The artwork must have been created in Adobe Illustrator
	Not Vectorised Example Vectorised Example
	 
High Resolution PDF:	.pdf this format is fine for all decoration as long as the original file was produced in Adobe Illustrator
Fonts:	Provide font names where applicable, or outline the font if providing & ai. or .eps file
Colours:	PMS, Pantone or Maderia code numbers must be provided if you require an exact colour match, otherwise standard Samurai colours will be used.

We cannot be held responsible for reproduction from artwork which doesn't reach the standards outlined.

STANDARD NAME & NUMBER *options*

Names can be a maximum of 12 letters up to 25cm wide. Name & numbers are available in the following standard fonts;

Impact, Outline & Warrior typeface. Names are available as straight or arched text (subject to panel size & shirt designs.)

Standard numbers on Rugby Jerseys are 22cm high as standard, these may be reduced subject to garment & design.

Visit Our Website samurai-sports.com

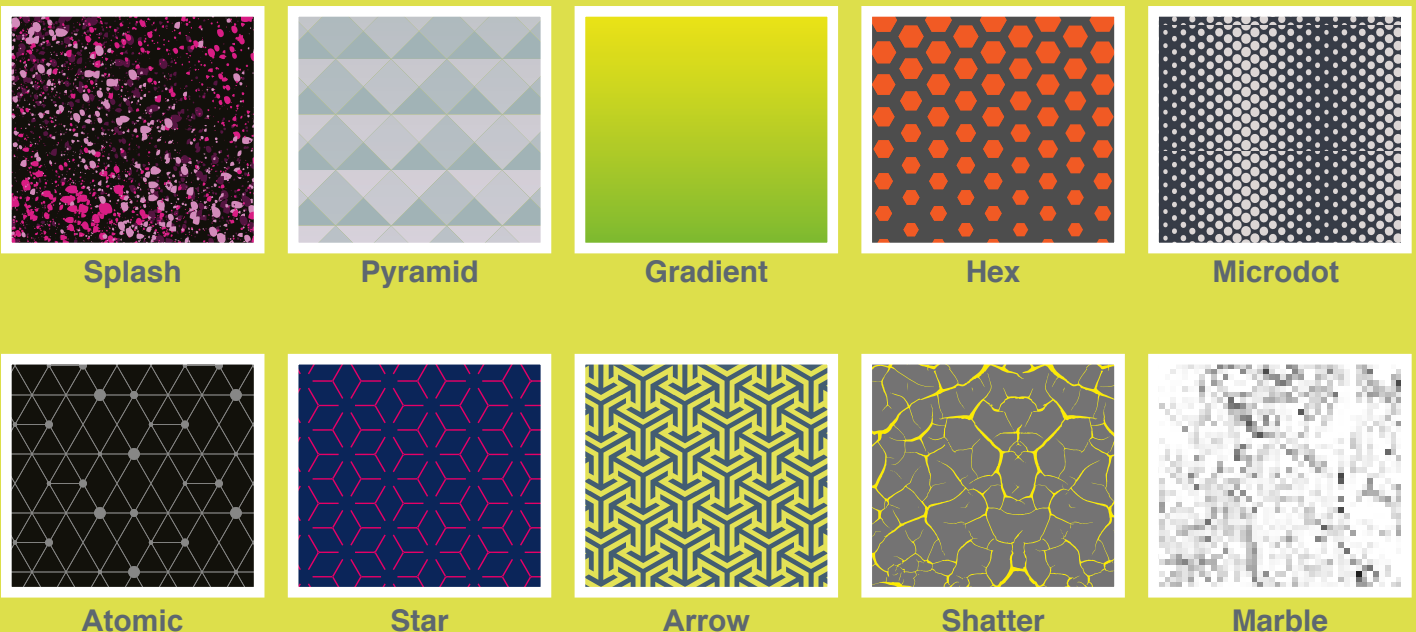

SUBLIMATION *process*

The design is placed onto special ink jet paper & fed through our sublimation machine with the fabric where the transfer process takes place. The ink/design becomes part of the fabric & not just fixed to the surface. This prevents fading, peeling or cracking.

SUBLIMATED NUMBER *options*

GEO SUBLIMATED *prints*

GARMENT CARE

For an Appointment Call 01508 531010

LEISUREgarments

Washing

Always look for the garment care label & follow the washing instructions. Washing machines, powders & fabrics are specially manufactured to ensure that when washed at the right temperature your clothes will come out looking their best time after time.

- Before washing, close all zips, undo all buttons & flatten out collars & cuffs.
- Check pockets & linings for loose or sharp objects.
- Turn garments inside out to reduce abrasion so avoiding contamination from other garments.
- Always read the label for individual garment instructions, such as washing temperature.
- Garments of similar colours can be washed together where stated on the care label.
- Do not overload the washing machine.
- Always use the correct amount of detergent depending on how soiled the garments are.
- Check garments regularly for stains & remove as soon as possible. (Pre soak may be necessary.)

Drying (Do not Tumble Dry)

Always check the care label to see whether a garment can be tumble dried. We recommend natural drying with most Samurai garments. For best results pull garment into shape whilst damp.

Ironing

The iron symbols advise the optimum temperature at which to iron. The dots represent the recommended iron temperature; the more dots the hotter the iron.

- Up to 110°C - Cool 
- Up to 150°C - Warm 
- Up to 200°C - Hot 
- Do Not Iron Symbol 

- Iron each garment on recommended setting.
- Do not iron directly on to a printed garment. Always iron on the reverse side.
- When ironing dark garments avoid 'iron shine' by either pressing on the inside of the fabric or through a damp cloth. Not applicable if using a steam iron.

Sock Care

- For the first wash we always advise that socks should be washed separately from other garments.
- Always rinse before washing to remove excess dirt.
- Soak light colours prior to washing.
- Do not wash above recommended temperature of 40°C.
- Do not use bleach or any product that includes chlorine, peroxide or perorate.
- Do not tumble dry.
- Never leave damp socks together for a long length of time as this may cause dye transfer

MATCHgarments

Wash match play garments promptly. Do not allow mud or stains to set. Do not leave wet or dirty jerseys in kit or gym bags where smells & permanent stains will develop. The sooner you pre-treat & launder the muddy or stained clothes, the better the results will be.

If a stain is not removed in washing we would suggest:

1. Do not let garments dry out as this will stain.
2. Soak the stain in a pre-wash. In the case of severe staining it may be necessary to apply a stain remover directly to the affected area.
3. Do not dry garments until the stain is removed. Once the stain is removed launder as per usual.

Care Definitions:

- Pre-treat heavily soiled spots.
- Apply undiluted laundry detergent.
- Sensitive stains should be soaked in cold water, & then washed with a non-chlorine product.
- Pre-soak garments with heavy stains. Soak stained garments in a plastic bucket or laundry tub with the warmest water safe for the fabric & a good laundry detergent for 1-3 hours.

Returns Policy

Samurai International Sportswear Ltd will always aim to deliver your vision. As part of the bespoke ordering process Samurai require customers to check both the sales order acknowledgements & graphics thoroughly before confirming a bespoke order.

However much we would like to help, once a customer has confirmed an order as correct there is nothing that can be done to amend the situation. In terms of stock deliveries we do not offer sale or return but if an incorrect product has been dispatched to you, please notify us within 24 hours of delivery & the correct goods will be dispatched. We do not accept & cannot process any returns efficiently without a returns number & accompanying documentation.

The above procedure must be met in order for a customer to receive a credit or replacement.
