Notes:

- Consignor will receive 70% of final sale price, so please set your pricing levels above with this in mind. If you are not sure of pricing, we are happy to price them ourselves based on historical sales or make recommendations. Please indicate your preference on this form.
- **Donation / Return of Items:** Not all consignment items sell quickly, and it is sometimes necessary to remove items from inventory to free up space. If you agree to have any of the items listed above donated to charities, theater groups or less fortunate riders, after it has been on display for 2 years and we believe it is unlikely to sell, please indicate your agreement by placing a "D" in far right column. If you would like items returned to you in this event, please place an "R" in this column (Consignor will be responsible for all shipping charges)
