# DAMASK ROSE REVITALIZING EYE MASKS

NakedBeauty MD™ Damask Rose Revitalizing Gold-Infused Hydrogel Eye Masks offer a powerful eye treatment loaded with detoxifying antioxidants including a blend of vitamin C, niacinamide, and ferulic acid. These soothing hydrogel patches nourish the delicate eye area for a radiant and renewed glow. Our signature pearlescent minerals and caffeine extract lighten and brighten the under-eye area to diminish dark circles and illuminate the skin from within while helping to protect against tell-tale signs of premature aging including fine lines and crow's feet. Our hydrogel under-eye masks have been formulated to provide a uniquely cooling, restorative sensation without refrigeration.

## ABOUT OUR FOUNDER

*A surgeon whose work is synonymous with unparalleled skill and elegant, natural results...*

Dr. Catherine Chang is a Board-certified plastic and reconstructive surgeon and the founder of the private practice Privé Beverly Hills. She is known for an ability to marry technical excellence, artistry and dexterity with quicker-than-normal recovery times, now aided by NakedBeauty MD™.

Dr. Chang earned degrees from Columbia University, the University of Pennsylvania, and Harvard Medical School. Today, patients from around the globe fly to be in her care, attracted as much by her honest communication style as they are to her elegant and natural results.

## BORN FROM DEMAND

Dr. Catherine Chang first developed her under-eye masks for her private plastic surgery practice in Beverly Hills. She knew that if patients had something that could really depuff and brighten under-eye skin after procedures like injections, lasers and eye lifts, it would extend and enhance their results. What she didn't expect is that they would come back—begging—for more. The demand led her to create NakedBeauty MD™ and its first product, Damask Rose Revitalizing Gold-Infused Hydrogel Eye Mask.

## OUR COMMITMENT

*Made from clean ingredients*

As a plastic surgeon, I've been able to study the progression of damage to under eye tissue," says Dr. Catherine Chang, who created NakedBeauty MD™ using only clinically effective, gentle and clean ingredients. Its debut product, the Damask Rose Revitalizing Eye Masks, are soothing and intensely cooling hydrogel patches to prevent visible signs of aging. Ingredients include the highest concentrations of vitamin C, niacinamide, and ferulic acid that could be used without compromising the structure of the hydrogel material. Signature pearlescent minerals, gold particles and caffeine extract create a power-packed patch that comes in a rose gold hue.
