

# Your Winter Skincare Toolkit

Follow our guide to retain moisture and keep a healthy glow all season long.

## Prepare your skin for the cold by exfoliating

NEW PRODUCT

Biologique Recherche just launched a new Lotion P50 with anti-pigmentation benefits! Exfoliating and brightening, **Lotion P50 PIGM 400** is ideal for dull complexions with pigmentation spots.

## Pick the right moisturizer

Ideal for dehydrated & lipid-deficient Skin Instants, **Crème Dermo-RL** now features shea butter and raspberry seed oil for an enhanced moisturizing effect and a better reconditioning action.

Add a few drops of **Serum T.E.W.L** for extra-moisture!

NEW FORMULA

## Treat your skin to a magical final touch

Your skin also deserves a little treat this Holiday Season! Now available in 0.3 Fl.Oz, **Le Grand Serum:**

## Keep your SPF in your daily regimen

Winter sun, combined with snow glare, can damage your skin. Apply **Protection U.V.** to your face and hands and don't hesitate to repeat throughout the day!

- ❄️ Strengthens the natural defense system of your skin thanks to Mimosa, Cranberry and Wasabi Extract
- ❄️ Brightens the complexion and moisturizes the superior layers of the epidermis thanks to Hyaluronic Acid and Silk Extract
- ❄️ Leaves all Skin Instants plumped and toned with a luminous glow!

NEW FORMAT

# Be Winter-ready from head to toe

Address the cellulite problem no matter what the season is

Get a head start on your Summer body by treating cellulite during Winter! **Lipogen AC** is an anti-cellulite oil which activates drainage of water and toxins as well as blood circulation. The skin is toned, soothed and firmed, the "orange peel" aspect is visibly diminished.

Use with the Biologique Recherche **Body Massage Glove** for more effectiveness

## Keep supple, soft and radiant hands

Your hands' skin is thinner than most parts of the body and has fewer oil glands, meaning it's harder to keep them moisturized. **Emulsion Renovatrice Mains** will protect them from climatic aggressions.

If you have pigmented spots, opt for the **PIGM 400** version!

## Soothe Your Scalp

In Winter, not only is your skin drier, but your scalp too!

**Shampooing Traitant Dermo-Apaisant** offers 4 benefits: soothing, rebalancing, protective and non irritant.

## Now available for retail: Cocktail d'Actifs Régénérants

Get yourself the gift of 58 active ingredients in one serum!

- Reduces and prevents signs of aging by boosting cell regeneration
- Anti-oxidant action protects the skin from the harmful effects of free radicals
