Device Operation

Getting Started:

Plug in the power adapter and press the ⏻ to power on the photo frame.

Viewing Photos:

• Please insert your memory card (**SDHC,SD**) at this time.
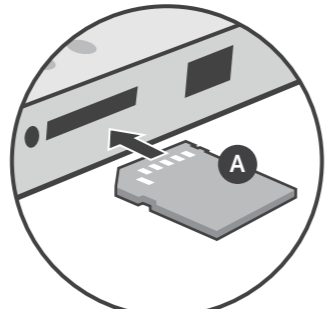

A Insert the memory card into the card slot as shown

• The frame will start slideshow automatically when the card is inserted.

• The slideshow can be stopped by pressing the "▶||" button on the frame. You can then press the "◄" or "►" button to see the next or previous picture.

Device Operation

Photo Setup:

From the main menu, press the "◄" or "►" buttons to select the [icon] and press "►||" button to confirm. Press the "►||" button again to access the "Photo Setup" menu.

You will see the following options: Enter Mode, Display Ratio, Slideshow Interval, Slideshow Repeat, Slideshow Effect, Slide Mode and Playback Mode.

Use the "▲" or "▼" button to cursor through the menu. To make any changes to the setup option highlighted, press the "◄" or "►" button to select the desired option.

Once your selection has been made, press the "▲" or "▼" button to move on to the next menu option.

Press the ↩ button to return to the Setup menu. Press the ↩ button again to return to the Main menu.

Device Operation

To select pictures from either the SD card or the USB drive, press the ↩ button from the Main menu. Use "◄" or "►" button to select desired media and press "►||" button to confirm.

Main Menu

Device Operation

System Setup:

From the main menu, press the "◄" or "►" buttons to select the [icon] and press "►||" button to confirm. Use the "▲" or "▼" button to cursor to "System Setup" menu. Press the "►||" button again to access the "System Setup" menu.

You will see the following options: Language, GrayScale, Brightness, Contrast, Power Off, Power On, Power Frequency, Start Up Mode, Firmware Version, and Reset Default Settings.

Use the "▲" or "▼" button to cursor through the menu. To make any changes to the setup option highlighted, press the "◄" or "►" button to select the desired option.

Once your selection has been made, press the "▲" or "▼" button to move on to the next menu option.

Device Operation

To make changes to the Power Off/Power On option, once it is highlighted, press "►||" button to bring up the submenu to change the time. Use the "◄" or "►" to highlight either hour or minutes and use "▲" and "▼" to set the desired time. Once the desired time is shown, press "►||" button to confirm or ↩ to cancel.

Press the ↩ button to return to the Setup menu. Press the ↩ button again to return to the Main menu.

Calendar Setup:

From the main menu, press the "◄" or "►" buttons to select the [icon] and press "►||" button to confirm. Use the "▲" or "▼" button to cursor to "Calendar Setup" menu. Press the "►||" button again to access the "Calendar Setup" menu.

You will see the following options: Adjust Date, Adjust Time, Time Format.

Device Operation

Use the "▲" or "▼" button to cursor through the menu. To make changes to Adjust Date and Adjust Time option, once it is highlighted, press "►||" button to bring up the submenu to change the date or time. Use the "◄" or "►" to highlight and use "▲" and "▼" to set the desired number. Once the desired date or time is shown, press "►||" button to confirm or ↩ to cancel.

Press the ↩ button to return to the Setup menu. Press the ↩ button again to return to the Main menu.
