2020 Aglianico

Luna Matta Vineyard

Inspired by Italy - Crafted in California

AGLIANICO: Originating from southern Italy, this grape stands up to the bold and spicy flavors of the region. The darkest, thickest-skinned fruit we see in the winery each year, Aglianico from Luna Matta can be a tannic, unyielding beast. We temper the extraction of its coarse nature with a slow, cool native fermentation followed by weeks of post-fermentation maceration on skins encouraging tannin maturity and elegance.

TASTING NOTE: The nose has iron, mushroom broth, white pepper and rye with a core of dark berries. The palate shows minerality and a seared meat element with the fruit reminiscent of a raspberry icee. Once again this wine is a bruiser and will age well.
