2021 Il Campo Bianco

Inspired by Italy - Crafted in California

GIORNATA IL CAMPO: Il Campo is our version of a declassified bianco or *vino da tavola* - a wine that does not abide by the standards set forth by DOCG, DOC, or IGT. In Italy, such wines are crafted by all notable producers and are intended to be every-day drinkers. They often receive equal care and attention that the more prestigious bottlings do, and therefore carry the best value to the consumer. Blended to achieve a balanced fresh style, our il Campo wines are affordable, approachable, and delicious with a wide range of dishes or as an aperitivo.

TASTING NOTES: This wine is reminiscent of the great coastal white wines of Italy. With Aromas of butterscotch, macadamia and lemon pith, this full, not weighty, body wine presents to the palate lemon peel, toffee and a finish reminiscent of endive.
