## 2021 Il Campo Rosso

Inspired by Italy - Crafted in California

**GIORNATA II CAMPO:** Il Campo is our version of a declassified *vino da tavola* - a wine that does not abide by the standards set forth by DOCG, DOC, or IGT. In Italy, such wines are crafted by all notable producers and are intended to be every-day drinkers. They often receive equal care and attention that the more prestigious bottlings do, and therefore carry the best value to the consumer. Blended to achieve a balanced fresh style, our il Campo wines are affordable, approachable, and delicious with a wide range of dishes or as an aperitivo.

**TASTING NOTES:** Aromatics of cherry, fresh thyme flint and violet are highlighted and the palate also has some cherry with some cola flavors. The wine is balanced and fresh with some dried oregano and a nice dusty finish.

**ROBERT PARKER:** 94 pts.

---
