## 2022 Il Campo Rosso

Inspired by Italy - Crafted in California

### IL CAMPO ROSSO

Il Campo is our version of Italian-style table wine. In Italy, these wines are served in the best local trattoria, many times in unlabeled jugs and make sense with the local fare of the region. The wine is usually just a blend of the most prominent local grape varieties. These wines receive the same care and attention that more prestigious bottlings do, and therefore carry the best value to the consumer. This has always been our family's house wine.

Always blended to display a signature house style, the Il Campo Rosso marries bright fruit and fresh acidity with a richly textured, medium weight body. Neutral oak and large Italian casks allow the bright fruit to shine without makeup. A food friendly, easy drinking style.

### TASTING NOTES
