OUR STORY & MISSION

In 2005, Plymouth Cards was founded with the vision of providing the best possible photo insert note card products with the highest level of customer service, while positively impacting our environment. In 2014, the DiVasta family purchased Plymouth Cards and have passionately continued this mission statement.

This year Plymouth Cards will be celebrating its 15th anniversary and the longevity is testament to the successful attainment of such lofty goals. We are extremely proud of the firm's vision and its

strong history. We are thrilled with how we have and continue to be eco-friendly.

- **Recycle** - Made from and printed on recycled paper and cardboard.
 - Cards, gift tags, card wraps, packaging, tissue paper, catalogs, receipts, how-to inserts, postcards, boxes
 - Our card wraps are now dual purpose with exclusive gift tags inside.
 - We recycle all our waste.
- **Twine** - Made from 100% cotton or bamboo which is bio-degradable.
- **Clear plastic sleeves** - Yes, they are made from plastic. We did test many brands and offer the highest quality sleeves that are acid/lignin free while having recycled content.
- **Manufacturer** - We found the eco-friendliest award-winning manufacturing plant in Florida! They use vegetable-based inks and recycle all their waste.
- **Shipping** - We have partnered with a local newspaper to use their unused newspapers for packing material. Our shipping boxes are all recycled too.
- **Made in the USA** - Our products and packaging materials are made in the USA with the exception of the clear card sleeve bags and pens. We have not been able to find USA made products at the quality level we require.

To sum up, every decision we make, we always look for recycled, Made in USA products and solutions first. We are diligent in finding creative ways to reuse or repurpose before purchasing.

Thank you for taking the time to learn about us and Plymouth Cards! Have new product ideas, ways we can improve or want to say hi? Feel free to reach out to us via phone, email, Facebook or Instagram.
