SERVEREDGE

Serveredge 2 Way Thermostat Fan Kit - Rack Mountable

Product Code: RMF2PTK

PRODUCT DESCRIPTION

Rack mount fans are designed to remove heat from rack mount gear such as servers, NAS, SAN and amplifiers. Keeping server cabinets cool will drastically improve the performance and reliability of the racked equipment. This 19" 2 way rack mount cooling fan is compatible with our complete range of 19" server cases, communications equipment and network gear.
