2 PORT HDMI USB KVM SWITCH w/ Audio & Mic

1 x 1.5M Wired Quick Switch! button for instant desktop switching
2 x 0.9M fixed KVM & Audio/Mic Combo Cables (2 x USB)

PART NUMBER: KP02UHA

PRODUCT DESCRIPTION

The Serveredge KP01UHA is a 2-port compact HDMI USB "Cable KVM Switch" with 2 sets of fixed KVM cables and a wired Quick Switch! button for easy connection to your two computers. It allows you to access, control, boot and reboot two HDMI and USB-enabled multimedia computers with only one USB keyboard, mouse, HDMI-enabled multimedia display and an extra set of speakers. For easy and fast switching between two computers, you can use either keyboard hotkeys, he Quick Switch! button or the Switching Software Client installed on your PCs!

QuickSwitch! button for instant switching operation
The Quick Switch! button can be conveniently placed near your hand on the desktop. When ever you need to switch computer channel, you can press it lightly for instant switching to the other computer. It is the most easy and fastest way to switch. Beside the Quick Switch! button, you can also use the keyboard hotkeys and software switching utility.

Switching Software Support for PC and Mac
The KP02UHA comes with both Windows and Mac version of the Switching Software utility program that can be installed on the connected computers to facilitate easy "software" switching. The Switching Software can show you the current active PC, and allows you to select PC as well as configure keyboard hotkeys. It appears as an icon on the system tray of your Window desktop, and will change its number icon upon switching to show the active computer port. With this software utility, it will give KVM users utmost convenience and control.

Quick USB 2.0 hub ports compliant for USB keyboard, mouse and high-speed device sharing
The USB 2.0 interface offers multi-platform support for PC and Macintosh. The two USB 2.0 keyboard and mouse ports are actually transparent USB hub ports that feature a full driver support for advanced keyboard/mouse functionalities. In addition to the usual connections of a set of USB keyboard and mouse, the two USB 2.0 keyboard & mouse ports can also be connected to high-speed USB devices such as USB disk storage or webcam, etc.

HDMI and HDCP compliant for High-Definition video enjoyment
This HDMI USB KVM Switch supports resolution up to Full HD 1080p. It also supports HDCP (High-bandwidth Digital Contents Protection).

Multi-channel audio support
The HDMI interface has integrated multi-channel audio within so that users can enjoy high-definition sound that comes from a single HDMI cable. It allows you to leverage the multimedia systems on each of your two HDMI-enabled computers. You can monitor the audio input of each computer for maximum convenience.

GUARANTEE/WARRANTY

Serveredge products are manufactured at the highest standards using highest quality materials at an affordable price. This Serveredge product comes with a 2 year warranty standalone or a 25 years warranty as part of a certified structured cabling project. Subject to Serveredge Terms and Conditions*

Audio and Microphone Switching offers uninterrupted multimedia experience

The audio and microphone switching function of KP02UHA allows you to leverage the multimedia systems on each of your two computers. User can choose to use either independent/simultaneous switching of both PC channel and audio/microphone channel for their maximum convenience. Furthermore, it offers you a user-programmable simultaneous/independent switching option between PC and audio/mic channel switching.

Zero Cabling Hassles for KVM users

The HDMI USB Cable KVM Switch saves you cabling troubles with its 2 x fixed KVM and audio/mic cables (USB + USB), so that you don't have to worry about finding suitable cables to fit--It's already attached with the KVM switch body in one piece!
