(Pattern Revisions)

- Updated Step 6 and added new Steps 7-8 to reflect updated illustrations.
- All following steps were then renumbered accordingly.
- Step 9 was updated to reflect updated step references.

## Block Assembly Instructions:

6. On (1) Unit 2 square, measure up from the lower left corner $17 / 8$ " and make a mark on the edge using a fabric pencil (Fig. 8). Measure in from the lower right corner $1 / 2^{\prime \prime}$ and make a mark on the edge. Using a ruler, draw a diagonal line between the two marks. Using the drawn line as a guide, place (1) Fabric C Template 1 triangle on the Unit 2 square, right sides together (Fig. 8). Sew the components together. Trim the excess fabric leaving a $1 / 4 "$ seam and press the triangle open (Fig. 9).

Fig. 9
7. On the same Unit 2 square from Step 6 , measure up from the lower right corner $17 / 8^{\prime \prime}$ and make a mark on the edge using a fabric pencil (Fig. 10). Measure in from the lower left corner $1 / 2^{\prime \prime}$ and make a mark on the edge. Using a ruler, draw a diagonal line between the two marks. Using the drawn line as a guide, place (1) Fabric B Template 3 triangle on the Unit 2 square, right sides together (Fig. 10). Sew the components together. Trim the excess fabric leaving a $1 / 4^{\prime \prime}$ seam and press the triangle open to make (1) Unit 4 square (Fig. 11).
8. Repeat Steps 6-7 to make (24) Unit 4 squares total.

Fig. 11
Fig. 10
9. Repeat Steps 6-7 and refer to Figures 12-14 for component identification, placement and orientation to make (24) Unit 5 squares, (24) Unit 6 squares and (24) Unit 7 squares.
