

2023 CHARITY TOURNAMENT **RULES AND PROCEDURE**

This a premier fun and charitable event so it goes without saying that good sportsmanship and courtesy are the RULES of the day

We will adhere to the 2023 USA Pickleball official rules.

Games will be played to 11 win by 1, we will be playing 9 rounds.

This is a RANDOM round robin formatted tournament. You'll play with a different partner for each game. This is a self-rated event.

Your assigned individual number correlates to the order you registered.

There is a 5 minute warm-up before the first game and 2 minute warm-up for games thereafter. Monitors will manage warm-up time.

At the start of the tournament 12 teams will play on 6 courts, afterwards teams will be assigned by the scorers as courts become available.

The team guessing the number 1 or 2 on the back of the score sheet will serve from the bleacher side.

Each Team gets one, 1 minute time-out per game.

Monitors will keep tournament running smoothly, they are not responsible for making calls. If there is any controversy the monitors will notify the Command Post. Remember this is a fun charitable tournament.

Players will document scores on score sheets, initial them after the game and have the monitors check the sheets for correctness.

At the end of the tournament we'll have a Medals Ceremony for the individuals with the top 3 scores, ties go to earliest registrant.

Again, thanks for participating for this great cause, good luck and have a great time!
