WARNING: INSTRUCTIONS PERTAINING TO RISK OF FIRE, ELECTRIC SHOCK, OR INJURY TO PERSONS

WARNING - WHEN USING ELECTRIC APPLIANCES, BASIC PRECAUTIONS SHOULD ALWAYS BE FOLLOWED, INCLUDING THE FOLLOWING:

- Read all the instructions before using the appliance.
- To reduce the risk of injury, close supervision is necessary when an appliance is used near children.
- Do NOT contact moving parts.
- Never open the device. There are not any serviceable parts inside. Please refer servicing to a qualified service personal.
- Do NOT use outdoors.
- Do NOT expose to dripping or splashing water at any time.
- To reduce the risk of electrical shock, do NOT put the RIDDEX® sonic plus PEST REPELLER in water or other liquid. Do NOT place or store appliance where it can fall or be pulled into a tub or sink.

SAVE THESE INSTRUCTIONS

Please retain these instructions for future reference.

INSTALLMENT INSTRUCTIONS

The Riddex® sonic plus Pest Repeller operates on any standard 110volt wall outlet.

To Reduce the Risk of Electric Shock, this appliance has a polarized plug (one blade is wider than the other). This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet. Do not change the plug in any way.

Simply plug the Riddex® sonic plus Pest Repeller into any outlet and the red light will flash on and off signaling the units sonic plus powers are working.

The Riddex® sonic plus Pest Repeller cannot be exposed to dripping or splashing water at any time.

Do NOT place or store The Riddex® sonic plus Pest Repeller where it can fall or be pulled into a tub or sink.

It is important that no objects filled with liquids, such as vases, shall be placed near the Riddex® sonic plus Pest Repeller.

When not in use, unplug any devises plugged into the auxiliary outlet.

A minimum distance of six (6") inches should be left around the Riddex® sonic plus Pest Repeller for sufficient ventilation. Ventilation should not be impeded by covering the Riddex® sonic plus Pest Repeller with items or furniture, such as newspapers, table-cloths, curtains, couches, chairs, etc.

No open flame sources, such as lighted candles, should be placed near the device.

OPERATING INSTRUCTIONS

Riddex® sonic plus Pest Repeller is intended for household use only.

Riddex® sonic plus Pest Repeller has no user controls. If the unit is plugged in, it is operating. Do not tamper with the unit. There are no user serviceable parts.

The Riddex® sonic plus Pest Repeller features an auxiliary outlet on the side of the unit for added convenience. **THREE-PRONGED APPLIANCES SUCH AS POWER TOOLS, MICROWAVES OR LARGER APPLIANCES SHOULD NOT BE USED.**

The Riddex® sonic plus Pest Repeller outlet will fit appliances that have two-pronged, polarized plugs and a maximum power draw of 8 amps. Before plugging any appliances into the outlet confirm the power draw is 8 amps or below.

Ultrasonic plus sounds randomly turn on and off. A clicking sound may be heard and can be produced by the unit and is normal.

GENERAL CARE INSTRUCTIONS

- Unplug when not in use.
- Do NOT dismantle or repair. If you have any problems using the product, contact our customer service department.
- Do NOT use if unit is damaged or malfunctioning.
- Use a damp cloth to clean the unit.
- Do NOT use solvents, detergents or immerse in water.

GROUNDING INSTRUCTIONS

In case of lightning strike or power surge Riddex® sonic plus Pest Repeller will shut off to avoid any unit malfunction.

To reduce the Risk of Electric Shock, this appliance has a polarized plug (one blade is wider than the other). This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet. Do not change the plug in any way.

SUGGESTIONS FOR BEST RESULTS

1. *How many Riddex® sonic plus Pest Repeller will I need?*

Manufacturer suggests using one Riddex® sonic plus Pest Repeller for approximately 1059 sq. ft. An additional unit is recommended if you require coverage further than 1059 sq. ft.

2. *How quickly will I see results?*

The Riddex® sonic plus Pest Repeller has its maximum effectiveness within the first seven days. Glue boards and/or traps may be used to help during the initial clean-up period. After results have been obtained, do not unplug; the cost for continual use is minimal.

Riddex® sonic plus Pest Repeller is intended for household use only.

Take special care not to leave doors, windows, basement or garage doors open.

Take special care not to leave human, animal or pet food supplies, in open areas which can attract new rodents, bugs and insects.

Take special care not to carry in new rodents when transferring food supplies, grains, animal feed, etc. from outside supply areas, into the area where the unit is in use.

During the initial clean up period, an increase in rodent activity may be noticed.

The unit will not affect household pets, computers, or appliances (except hamsters, gerbils, rabbits or other rodent pets).

PLEASE KEEP THESE INSTRUCTIONS IN A SAFE PLACE FOR FUTURE REFERENCE.

Due to continuous product improvement, the picture above may differ slightly from the actual product.
