

2 STROKE GDI MARINE ADAPTER BOX

The 2SGDI system has been produced to drive Evinrude and Ficht Direct Injectors with an ASNU Classic GDI machine

Ficht & E-TEC Injector Applications:

- Marine (Evinrude, Johnson outboards and Sea Doo jet skis)
- Snow (Ski doo, and Polaris snowmobiles)
- Land (Polaris and Bombardier ATV products)

2 Stroke GDI Box Benefits:

- Run Ficht and ETEC injectors using any ASNU Classic GDI machine / GDI Box
- Recover seized injectors.
- Clean fouled injectors
- Leak test injectors
- Dynamic flow test injectors (pulsing)
- View spray patterns

Injector Driver Technical details:

- Automatic detection of Ficht or ETEC injector connection
 - High voltage drive
 - Uni-directional high current drive (Ficht)
 - Bi-directional high current drive (E-TEC)
- 100 – 5000 injections per minute pulsing range
- 96 – 264Vac 50/60Hz electrical supply range

2 Stroke GDI Box Kit Contents:

ASNU 2SGDI
Driver Box

ASNU 147
Mains power lead

ASNU 185D
Ficht & E-TEC Mounting Frame
