

General Instructions

1. This workbook is designed to give children practice in identifying the beginning sounds of each word pictured and matching them to the correct letters that they see. Children also get practice in writing those letters along the way!
2. Always introduce a new letter before asking the children to complete a worksheet related to that letter. Otherwise, that worksheet will be less than meaningless!
3. Each letter section includes 5 pages with the following formats:
 - A. Draw a line from the letters to the pictures that begin with the correct sounds. A picture key is included with each page.
 - B. Circle the correct beginning sound of each picture and practice writing that letter. A picture key is included with each page.
 - C. Color the pictures that begin with a certain letter sound to reveal a hidden picture that also starts with that sound, and practice writing that letter at the top of the page. A picture key is included with each page.
 - D. Cut and sort the pictures by beginning sound, and paste them into place. Write their beginning sound letters next to their pictures. A picture key is included with each page.
 - E. The last page in each section has large flash cards for your general use in the classroom. You may wish to use these in games such as Memory, Go Fish, or in sound sorting activities. You will also find a set of small flash cards for your use at the very end of the book.
4. The pages can be used in any order that you like; there is no reason to limit yourself to moving through the pages sequentially from A to Z.
5. For further practice in letter identification, please see www.heidisongs.com for more great ideas and resources. The Singable Songs for Letters and Sounds CD and DVD is highly recommended for this purpose! There are also many more ideas and resources on my blog at <http://heidisongs.blogspot.com>.

Enjoy!
Heidi Butkus

Draw a line from the letters in the middle to the objects that begin with the sound that letter makes.

Name: _____

Look at the picture. Circle the letter with the correct beginning sound.

Write the letter on the line.
