

Transitional Kindergarten Pacing Guide (Curriculum Map)

©2017 Heidi Butkus www.heidisongs.com Aligned to Benchmark Ready to Advance for TK

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
1	1- All About Me	A-Z with Zoo-Phonics Cards	0-10 with Jumpin' Numbers Cards	red	Introduce all shapes with Shakin' Shapes Cards; Shape of the Week: circle	the, like, to	Write name	Write name, match with photo, concepts of print (front/back cover & know pictures vs words.)	Compare position and size of objects ie. Big, little, on, under, etc. Introduce ordinals: first, last, etc.	Study School Rules, Wiggles Learns the Rules at School

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
2	1- All About Me	A-Z with Zoo-Phonics Cards	0: Number of the Week; 0-10 with Jumpin' Numbers Cards	red	Introduce all shapes with Shakin' Shapes Cards; Shape of the Week: oval	the, like, to	Write name	Name writing, tracking words in a sentence, ask questions about a story	Introduce calendar and daily schedule. Patterns in environment, things that go together, place objects in horizontal row L-R	Round Is a Pancake Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
3	2- Families & Friends	A-Z with Zoo-Phonics Cards	1: Number of the Week; 0-10 Jumpin' Numbers	blue	Introduce all shapes with Shakin' Shapes Cards; Shape of the Week: square	a, is, it, this and review previously learned words	Practice name; practice strokes-round shapes.	Maintain attention by looking & listening during read alouds; Concepts of print-author & illustrator; action word describe movements	One-to-one correspondence; make rows of blocks L-R & compare lengths, Sorting by two different attributes.	Round Is a Pancake Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
4	2- Families & Friends	A-Z with Zoo-Phonics Cards	2: Number of the Week; 0-10 Jumpin' Numbers	blue	Introduce all shapes with Shakin' Shapes Cards; Shape of the Week: square	a, is, it, this and review previously learned words	Practice name; top to bottom strokes, straight and curved lines.	Loud vs. soft sounds; a word can have one syllable; some words are used to describe or tell about objects (like color words); matching labels	Understands that number one equals just one object and can be represented by a word and a number. Numbers are used to represent quantities; things that go together. Write numeral two and count on from two.	The Shape Song Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
5	2- Families & Friends	M, m	3: Number of the Week	yellow	Describe attributes of the square	a, is, it, this and review previously learned words	Practice name; stroke: L-R horizontal line. Begin forming letters.	Things that begin with m, print Mm, ask questions with words like what & where; label common objects by color & size	Explore quantities of three and learn number word three. Write numeral three. Identify more, less, equal. Put one, two, and three in order. Count on from three. Subitize sets of one to three.	Finish Shape Song Book, start Opposites Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
6	2- Families & Friends	A, a	Review 0-3	green	Describe attributes of the square	a, is, it, this and review previously learned words	Practice diagonal lines. Work on letter Aa. Use drawing, dictating, and writing to express opinion of a book.	Things that begin with a; print Aa; match lower and upper case Aa; answer questions about a story; opposites, practice using positional words correctly.	AB Patterns-body patterns, auditory patterns, block patterns, etc. Tells what comes next. Introduce opposites ie: big/little. Locate positions in antonyms (in/out, up/down.) Sort by color.	Opposite Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
7	3-Communities & Health	Ss	Review 0-3	orange	rectangle	are, here, my, we and review previously learned words	Begin to write letters, HFW, numbers, or beginning sounds. Uses proper pencil grip.	Things that begin with S, Print Ss, match lower and capital S, introduce rhyme, real vs. make believe, fiction vs. nonfiction, match labels on chart.	Sort by two attributes, extend patterns made with real objects, predict what comes next in pattern, nonstandard measurement, make rows of same length. Count forward to three and backwards	Rosie's Walk Book (The Hen's Walk)

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
8	3-Communities & Health	Tt	4: Number of the Week	purple	rectangle	are, here, my, we and review previously learned words	Begin to write letters, HFW, numbers, or beginning sounds. Uses proper pencil grip. Draws round and rectangular shapes.	Things that begin with T, print Tt, match lower and capital Tt, repeat and blend two syllable words, sequence a story with first, next, last, describes characters and setting of story, makes text to self connections.	Sort by two attributes, extend patterns made with real objects, predict what comes next in pattern, nonstandard measurement, make rows of same length. Count forward to three and backwards	Finish The Hen's Walk Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
9	3-Communities & Health	Ii	Review 0-4	brown	Describe attributes of the rectangle	are, here, my, we and review previously learned words	Begin to write letters, HFW, numbers, or beginning sounds. Uses proper pencil grip. Rolls & flattens modeling clay	Listen for medial short I sound, orally blend previously taught sounds to make nonsense words, things that begin with I, print Ii, match Ii, retell a story, compare favorite parts of two stories,	Describe a square vs. a rectangle, create larger shapes out of smaller ones, begin to understand simple addition concepts, introduce picture graphs or tally/voting systems. Subitize sets of one to four. Count on	Begin the Halloween Song Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
10	3-Communities & Health	Nn	Review 0-4	white	Describe attributes of the rectangle	are, here, my, we and review previously learned words	Begin to write letters, HFW, numbers, or beginning sounds. Uses proper pencil grip. Draws a picture and uses pretend writing to communicate thoughts.	Things that begin with N, print Nn, match lower and capital Nn, find objects that END with the same sounds, make predictions about a story, if/then statements (if you give a mouse a cookie...)	Create picture representations of numbers one through four, count and compare numbers one through four with more, less, and equal, subitize sets of one through four. Put numbers in order 0-4. Subitize	The Halloween Song Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
11	4- Community Jobs & Fall	Ff	5: Number of the Week	black	triangle	can, see, you and review previously learned words	Use proper directions when forming letters, work on diagonal lines, draw pictures and label with nouns and adjectives to indicate the parts of a story.	Things that begin with F, print Ff, match lower and capital Ff, segment 2- 4 word sentences, identify cover and title page of book.	Recognize, name, and draw shapes: circle, oval, square, rectangle, triangle. Make sets of five or less, compare sets of five with more, less, or equal, count orally to five, increasing to ten or higher. Put	Do Halloween themed projects

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
12	4- Community Jobs & Fall	Oo	Review 0-5	gray	Describe attributes of triangle; review all previously taught shapes	can, see, you and review previously learned words	Write letters within numbers and HFW or as beginning sound. Begin to write sentences with support. Begins to draw common objects.	Things that begin with O, print Oo, match lower and capital Oo, substitute beginning sounds to make new words that rhyme, review cover and title page, literary vs. informational print, make believe vs. real, poems,	Stack blocks and measure height, use words shorter, taller, etc., continue using position words to describe where things are, sort objects by two or more characteristics, count from 1-5 or higher,	Dinner's Ready Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
13	4- Community Jobs & Fall	Review	Review 0-5	pink	Describe attributes of triangle; review all previously taught shapes	can, see, you and review previously learned words	Write letters within numbers and HFW or as beginning sound. Begin to write sentences with support. Match labels. Paint inside a round shape.	Identify beginning sounds in CVC words, review previously taught concepts, understand that some words are for naming, others are for describing or for actions,	Stack blocks and measure height, use words shorter, taller, etc., continue using position words to describe where things are, sort objects by two or more characteristics, count from 1-5 or higher,	Holidays Around the World Projects

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
14	4- Community Jobs & Fall	Ll	Review 0-5	Review all colors	heart	can, see, you and review previously learned words	Write letters within numbers and HFW or as beginning sound. Begin to write sentences with support. Match labels. Makes a cross.	Things that begin with L, print Ll, match lower & capital Ll, produce words that start with previously taught letters, counts syllables in words, produces 2-3 syllable words, match rhyming pictures or words with	Identify the heart, begin to understand number conservation (quantity stays the same even if objects are rearranged), order objects by size, find different ways to make numbers 2-5 (decompose), begin to use "more	Holidays Around the World Projects

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
15	5- Celebrations & Winter	Pp	6: Number of the Week	Review all colors	hexagon	do, what, with and review previously learned words	Write letters within numbers and HFW or as beginning or ending sound. Students choose words and pictures to make a sentence.	Things that begin with P, Print Pp, match lower and capital Pp, alliterative activities that begin with P (like Peter Piper,) orally blend VC and CVC words, identify previously taught beginning sounds, find the	Counts orally from 1-10, higher to 15 or 20 if possible. Compare sets, understanding the concept of less or less than. Understand that 6 and six are represented by six objects. Understand that a hexagon has six	Holidays Around the World

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
16	5- Celebrations & Winter	Review	Review 0-6	Review all colors	diamond/ rhombus	do, what, with and review previously learned words	Write letters within numbers and HFW or as beginning or ending sound. Students choose words and pictures to make a sentence.	Separates and blends syllables together in longer words, find two words out of three that rhyme given picture supports, review letter sounds, match letter sounds to letters, compare similar events in	Understand that the numeral six is represented by six objects, match sets 1-6, decompose 6, introduce concepts of whole and half, begin to recognize that a diamond is made of two triangles. Subitize	Holidays Around the World

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
17	5- Celebrations & Winter	Review	Review 0-6	Review all colors	review all two dimensional shapes	do, what, with and review previously learned words	Write letters within numbers and HFW or as beginning or ending sound. Students choose words and pictures to make a sentence.	Review, rhyme, blending onsets and rimes of CVC words, finds beginning and ending sounds of CVC words, asks questions about a story using question words. Review naming words, describing words, and action	Makes sets of objects that are more, greater than, less than, fewer than, the same, or equal to another set. Identifies all two dimensional shapes introduced so far. Put numbers in order 0-6. Count	Holidays Around the World

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
18	5- Celebrations & Winter	Review	Review 0-6	Review all colors	Review all two dimensional shapes	do, what, with and review previously learned words	Write letters within numbers and HFW or as beginning or ending sound. Students choose words and pictures to make a sentence.	Review, rhyme, blending onsets and rimes of CVC words, finds beginning and ending sounds of CVC words, retells a familiar story, discusses informational text and asks questions about it, review all previous concepts.	Counts orally from 1-10, higher to 15 or 20 if possible. Compare sets of six or less. Matches sets of up to six. Put numbers in order 0-6. Review all previous concepts. Subitize sets of six or less.	Holidays Around the World

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
19	6- Animals	Cc	7: Number of the week	Review all colors; focus on color word red	trapezoid	find, in, on, where and review previously learned words	Work on letter formation of letters learned so far, create a word web.	Syllable segmentation and count syllables in multisyllabic words, rhyme, things that start with C, print Cc, match upper and lower case Cc, blend onset & rime in one syllable words, give all sounds in a CVC word, sort words by	Identify, describe, and form 2-D shapes learned so far, combine and build shapes, sort and classify shapes by attributes, practice writing numerals, introduce problem solving. Decompose number 7, print number 7.	Study Winter; Do Winter page from the Seasons Book, begin Look Out, Fishies book.

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
20	6- Animals	Uu	Review 0-7	Review all colors; focus on color word orange	Review all two dimensional shapes	find, in, on, where and review previously learned words	Draw and write simple sentences.	Syllable segmentation and count syllables in multisyllabic words, rhyme, things that start with U, print Uu, match Uu, blend onset & rime in one syllable words, give all sounds in a CVC word, sort words by beginning sounds, one	Identify, describe, and form 2-D shapes learned so far, combine and build shapes, sort and classify shapes by attributes, practice writing numerals, introduce problem solving. Decompose number 7, print number 7.	Study Sea Animals; Look Out, Fishies! Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
21	6- Animals	Bb	Review 0-7	Review all colors; focus on color word yellow	cube	find, in, on, where and review previously learned words	Draw and write simple sentences.	Syllable segmentation and count syllables in multisyllabic words, rhyme, things that start with B, print Bb, match Bb, blend onset & rime in one syllable words, give all sounds in a CVC word, sort words by beginning sounds, one	Identify, describe, and form 2-D shapes learned so far, combine and build shapes, sort and classify shapes by attributes, practice writing numerals, introduce problem solving. Decompose number 7, print number 7.	Study Zoo Animals; Begin Zoo Book.

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
22	6- Animals	Hh	Review 0-7	Review all colors; focus on color word green	cube	find, in, on, where and review previously learned words	Draw and write simple sentences.	Syllable segmentation and count syllables in multisyllabic words, rhyme, things that start with H, print Hh, match Hh, blend onset & rime in one syllable words, give all sounds in a CVC word, sort words by beginning sounds, one	Identify, describe, and form 2-D shapes learned so far, combine and build shapes, sort and classify shapes by attributes, practice writing numerals, introduce problem solving. Decompose number 7, print number 7.	Study Zoo Animals; continue Zoo Book.

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
23	7-Transportation	Ee	8: Number of the Week	Review all colors; focus on color word blue	sphere	come, go, look, me and review previously learned words	Write a note or short message to someone.	Words that begin with e, print Ee, match Ee, identify medial e sound in CVC words, ask questions or make statements about illustrations and stories, answer questions about a story. Review naming	Decompose numbers and find sums for numbers 2-8, demonstrate number sense for 2-8, review position words, problem solving in addition. Put numbers in order 0-8. Count forwards to 8 and backwards from 8.	100th Day of School; 100's theme

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
24	7-Transportation	Rr	Review 0-8	Review all colors; focus on color word purple	sphere	come, go, look, me and review previously learned words	Draw and write simple sentences. Practice making edits to a class chart together.	Words that begin with R, print Rr, match Rr, identify beginning and ending sounds of VC and CVC words, review concepts of print such as cover, title page, etc., ask questions about a story or nonfiction book using	Keep working on position words, record votes with tallies, graphing with bar graphs and picture graphs. Use terms greater than, fewer than, and equal to when describing a graph or outcomes of a vote.	Valentine's Day Themed projects

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
25	7-Transportation	Dd	Review 0-8	Review all colors; focus on color word brown	cone	come, go, look, me and review previously learned words	Draw and write simple sentences. Practice making edits to a class chart together.	Words that begin with D, print Dd, match Dd, identify beginning and ending sounds in CVC words, blend sounds orally to say VC and CVC words, ask questions about a story, give opinion about a story. Review	Review position words. Count orally up to ten, higher if possible. Practice counting forward from different numbers other than one. Work on decomposing and addition facts up to 8. Put numbers in order 0-8.	President's Day Theme

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
26	7-Transportation	Ll	Review 0-8	Review all colors; focus on color word black	cone	come, go, look, me and review previously learned words	Draw and write simple sentences. Practice making edits to a class chart together.	Words that begin with L, print Ll, match Ll, rhyming words, blend sounds to form VC and CVC words, retell a story, sequence a story. Find the big idea in a story, explain reasoning. Review naming	Creates addition problems with sums up to seven, compares sums, solves simple word problems with manipulatives and explains reasoning. Writes numerals. Put numbers in order 0-8.	President's Day Theme

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
27	8- Spring & Growing Things	Gg	9: Number of the Week	Review all colors; focus on color word gray	cylinder	and, from, have, were and review previously learned words	Practice writing HFW, CVC words, and labels. Choose words from chart, make into sentence and copy. Use inventive spelling.	Words that begin with G, print Gg, match Gg, rhyme- begin producing rhyming words on own, retell and sequence familiar story, make simple inferences & predictions while explaining reasoning,	Understand passage of time from morning, noon, to night. Understand that we tell time by clocks, watches, calendars, etc. Calendars include days, weeks, months, seasons, and years. Begin to match nine	Study plants; do Tops and Bottoms book.

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
28	8- Spring & Growing Things	Jj	Review 0-9	Review all colors; focus on color word white	cylinder	and, from, have, were and review previously learned words	Practice writing HFW, CVC words, and labels. Choose words from chart, make into sentence and copy. Use inventive spelling.	Things that begin with J, print Jj, match Jj, identify medial sounds in CVC words, ask and answer questions about informational text, describe illustrations, make simple inferences and explain reasoning. Find the	Beginning addition, find sums with real objects, solve simple word problems and explain reasoning. Put numbers in order 0-9. Practice counting backwards and forwards. Practice counting on from nine.	Study plants; do Tops and Bottoms book.

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
29	8- Spring & Growing Things	Kk	Review 0-9	Review all colors; focus on color word pink	review all three dimensional shapes	and, from, have, were and review previously learned words	Practice writing HFW, CVC words, and labels. Choose words from chart, make into sentence and copy. Use inventive spelling.	Words that begin with K, print Kk, match Kk, produce rhyming words, identify medial sounds in CVC words, blend sounds together to make CVC words (orally), ask and answer questions about informatio	Review previously taught skills. Continue to find different ways to make the number nine, (decomposing nine.) Practice ordering numbers and all other counting skills. Subitize groups of nine or	Do What's Inside? Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
30	8- Spring & Growing Things	Vv	Review 0-9	Review all color words	review all three dimensional shapes	and, from, have, were and review previously learned words	Practice writing HFW, CVC words, and labels. Choose words from chart, make into sentence that expresses an opinion. Use inventive spelling.	Things that begin with V, print Vv, match Vv, introduce blending sounds to make words that include diphthongs and digraphs (ie. "st" & "th"), points to the letter that represents a beginning, middle or	Match sets 0-9, put numbers in order 0-9. Continue finding different ways to make nine. Practice counting skills. Review previously taught skills. Subitize sets of nine. Count on from nine.	Do What's Inside? Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
31	9- Farms & Food Sources	Zz	10: Number of the Week	Review all color words	review all three dimensional shapes	big, for, good, little, make and review previously learned words	Practice writing HFW, CVC words, and labels. Use inventive spelling, labels, and word wall words as tools to make a class book.	Things that start with Z, print Zz, match Zz, sound out and spell simple CVC words, identify beginning, middle, and ending sounds in CVC words, segment sounds in CVC words, answer text dependent questions and show a	Begins to identify coins, matches sets 0-10, puts numbers in order 0-10, decomposes 10, practices counting forwards to ten and backwards from ten, practice counting on from different numbers up to ten, practices	Make Farm Book; study life cycle of the chicken.

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
32	9- Farms & Food Sources	Yy	Review 0-10	Review all color words	Review all two and three dimensional shapes	big, for, good, little, make and review previously learned words	Practice writing HFW, CVC words, and labels. Use inventive spelling, labels, and word wall words as tools to make a class book.	Things that start with Y, print Yy, match Yy, sound out and spell simple CVC words, identify beginning, middle, and ending sounds in CVC words, segment sounds in CVC words, answer text dependent questions and show a	Practice ordinal numbers first, second, third, fourth, fifth, practice printing numbers up to ten, make graphs and interpret them, decompose ten and practice counting skills. Count on from ten.	Get ready for Easter (chicks, bunnies, ducks)

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
33	9- Farms & Food Sources	Ww	Review 0-10	Review all color words	Review all two and three dimensional shapes	big, for, good, little, make and review previously learned words	Practice writing HFW, CVC words, and labels. Use inventive spelling, labels, and word wall words as tools write sentences and read them back.	Things that start with W, print Ww, match Ww, sound out and spell simple CVC words, identify beginning, middle, and ending sounds in CVC words, segment sounds in CVC words, answer text dependent questions and show a	Find all of the ways to make ten, continue identification of coins, practice addition to ten, practice all counting skills, put numbers in order, sort objects by color, shape, and size, review time and calendar skills.	Finish Farm Book

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
34	9- Farms & Food Sources	Xx	Review 0-10	Review all color words	Review all two and three dimensional shapes	big, for, good, little, make and review previously learned words	Practice writing HFW, CVC words, and labels. Use inventive spelling, labels, and word wall words as tools to write sentences and read them back.	Things that start with X, print Xx, match Xx, sound out and spell simple CVC words, do sound substitution with the beginning sound of CVC words, segment sounds in CVC words, answer text dependent questions and show a	Practice addition skills with sums up to ten, write numerals up to ten, compare sets up to ten, practice all counting skills. Subitize groups of ten. Count on from ten.	Mother's Day; Cinco de Mayo

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
35	10- Insects & Ecology	Qq	Review 0-10	Review all color words	Review all two and three dimensional shapes	down, help, not, play, up and review previously learned words	Previous skills are practiced and increased in complexity.	Things that start with Q, print Qq, match Qq, orally blend and delete syllables and words, blend sounds into CVC words, begins to read and spell simple CVC and VC words, identify capital letter at the beginning	Introduce subtraction with concrete objects. Relate to number decomposition and number bonds. Compare remaining differences to see which is more, less, or equal. Practice counting backwards to find difference	The Zoo Book; Sing The Wide Mouthed Frog zoo animal songs

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
36	10- Insects & Ecology	Review	Review 0-10	Review all color words	Review all two and three dimensional shapes	down, help, not, play, up and review previously learned words	Previous skills are practiced and increased in complexity.	Segment CVC words, find medial sounds in CVC words practice reading CVC words, practice sound deletion in CVC words, practice beginning sound substitution in CVC words, produce rhyming words. Find the big idea in	Introduce subtraction with concrete objects. Relate to number decomposition and number bonds. Compare remaining differences to see which is more, less, or equal. Practice counting backwards to find difference	The Zoo Book; Sing The Wide Mouthed Frog zoo animal songs

Week Number	Benchmark Unit	Alphabet	Number	Colors	Shape	Sight Words	Writing & Fine Motor	Language Arts	Math Concepts	Crafts, other
