

Dear Parents,

In the past we have experienced some rather painful times as children have distributed their birthday party invitations at school. As you can imagine, it is very difficult to explain to the children why some are invited and some are not. We are hoping to avoid this problem this year by asking that invitations not be passed out at school. We would like to compile a class list that would contain the names and addresses of all the children in the class. This list would be sent home so that parents would have access to this information as they need it at birthday party time or when friends want to come to play.

Would you please fill out the bottom part of this paper and send it back with your child? We would like to compile this information as soon as possible.

Thank you for your cooperation!

Cut here and return to school.
